The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

On April 24, 2007, the National Association of Securities Dealers, Inc. (“NASD”) filed with the Securities and Exchange Commission (the “Commission”) proposed rule change SR-NASD-2007-031 to amend NASD Rule 7001E (Securities Transaction Credit) to increase to 100% the percentage of New York Stock Exchange (“Tape A”), American Stock Exchange (“Tape B”) and Nasdaq Exchange (“Tape C”) revenue shared with NASD members reporting trades to the NASD/NYSE Trade Reporting Facility (the “NASD/NYSE TRF”) (the “original filing”). NASD is filing this Partial Amendment No. 1 to make the following change.

The following paragraph appears on pages 8 and 15 of the original filing:

NASD, as the SRO Member, is not in a position to assess directly the burden, if any, that the proposed rule change may have on competition. The NYSE, as the Business Member, has indicated that it does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

NASD is proposing to replace this paragraph in its entirety with the following language:

The NASD/NYSE TRF is proposing to share with its participants 100% of the market data revenue it receives. If approved, other TRFs may determine to make similar changes to their market data revenue sharing programs. NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. However, NASD, as the “SRO Member,” is not directly involved in the business functions or competitive aspects of the NASD/NYSE TRF and therefore, NASD may not be in the best position to fully evaluate the potential burdens on competition. NASD expects that if any party believes that it may be materially adversely affected by the proposed rule change, that party will submit comments providing the nature and basis of its concern during the notice and comment process.
