**Partial Amendment**

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

On July 18, 2016, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (the “Commission” or “SEC”) proposed rule change SR-FINRA-2016-027 (the “Proposal”), pursuant to which FINRA proposed to expand the Trade Reporting and Compliance Engine (“TRACE”) reporting rules to include most secondary market transactions in U.S. Treasury Securities.

The Commission published the proposed rule change for public comment in the Federal Register on July 25, 2016,<sup>1</sup> and received 12 comments in response to the Proposal. FINRA is submitting by separate letter its response to comments on the Proposal contemporaneously with this Partial Amendment No. 1. With this Partial Amendment No. 1, FINRA is including Exhibit 4, which reflects changes to the text of the proposed rule change pursuant to this Partial Amendment No. 1 and Exhibit 5, which reflects the changes to the current rule text that are proposed in the Proposal, as amended by this Partial Amendment No. 1.

In response to a comment received by the Commission from the Securities Industry and Financial Markets Association (“SIFMA”),<sup>2</sup> FINRA is proposing to amend the proposed rule text regarding the use of the “.S” trade modifier. In the Proposal, FINRA proposed that the “.S” modifier would be used “if the transaction is part of a series of transactions where at least one of the transactions is executed at a pre-determined fixed price or would otherwise result in the transaction being executed away from the current market.” In its comment letter, SIFMA suggested that the use of the “.S” modifier be permitted when a reported transaction is part of a series and meets the “.S” criteria regardless of whether one or more of the transactions in the series is, in fact, off market. FINRA agrees with this approach that the “.S” modifier should be permitted when a transaction is part of a series and therefore could be, but need not be, priced away from the market. Consequently, FINRA is proposing to amend the rule text regarding use of the “.S” modifier to require it “if the transaction is part of a series of transactions and may not be priced based on the current market.” FINRA believes this amendment will alleviate the need for firms to assess whether a particular transaction in the series of which the reportable transaction was a part was executed at a pre-determined price or was ultimately executed away from the current market.

(b) through (n) No Change.

(o) “Money Market Instrument” means, other than a U.S. Treasury Security, a debt security that at issuance has a maturity of one calendar year or less, or, if a discount note issued by an Agency, as defined in paragraph (k), or a Government-Sponsored Enterprise, as defined in paragraph (n), a maturity of one calendar year and one day or less.

### **6730. Transaction Reporting**

#### **(a) When and How Transactions are Reported**

Each member that is a Party to a Transaction in a TRACE-Eligible Security must report the transaction. A member must report a transaction in a TRACE-Eligible Security as soon as practicable, but no later than within 15 minutes of the Time of Execution, except as otherwise specifically provided below. Transactions not reported within the specified timeframe will be designated as “late.” A member must transmit the report to TRACE during TRACE System Hours.

(1) through (3) No Change.

#### **(4) Reporting Requirements — U.S. Treasury Securities**

Transactions in U.S. Treasury Securities must be reported as provided in this paragraph (a)(4).

#### **(A) General Reporting Requirements**

Transactions in U.S. Treasury Securities executed on:

(i) a business day at or after 12:00:00 a.m. Eastern Time through 5:00:00 p.m. Eastern Time must be reported the same day during TRACE System Hours;

(ii) a business day after 5:00:00 p.m. Eastern Time but before the TRACE system closes must be reported no later than the next business day (T + 1) during TRACE System Hours, and, if reported on T + 1, designated “as/of” and include the date of execution; or

(iii) a business day at or after 6:30:00 p.m. Eastern Time through 11:59:59 p.m. Eastern Time, or a Saturday, a Sunday, a federal or religious holiday or other day on which the TRACE system is not open at any time during that day (determined using Eastern Time) must be reported the next business day (T + 1) during TRACE System Hours, designated “as/of” and include the date of execution.

**([4]5)** Members have an ongoing obligation to report transaction information promptly, accurately, and completely. The member may employ an agent for the purpose of submitting transaction information. However, the primary responsibility for the timely, accurate, and complete reporting of transaction information remains the non-delegable duty of the member obligated to report the transaction.

**([5]6)** A member may be required to report as soon as practicable to the Market Regulation Department on a paper form, the transaction information required under Rule 6730 if electronic submission into TRACE is not possible. Transactions that can be reported into TRACE, including transactions executed on a Saturday, a Sunday, a federal or religious holiday or other day on which the TRACE system is not open at any time during that day (determined using Eastern Time), and transactions that can be submitted

on the trade date or a subsequent date on an “as/of” basis shall not be reported on a paper form.

**([6]7)** If a member that is a Party to a Transaction makes a good faith determination that a transaction involves a TRACE-Eligible Security, the member must report the transaction as provided in this Rule, and if the TRACE-Eligible Security is not entered in the TRACE system, the member must promptly notify and provide FINRA Operations the information required under Rule 6760(b) prior to reporting the transaction.

A member must use the “No Remuneration” indicator described in paragraph (d)(4)(F) where a trade report does not reflect either a commission, mark-up or mark-down, except for an inter-dealer transaction, a “List or Fixed Offering Price Transaction,” as defined in Rule 6710(q), or a “Takedown Transaction,” as defined in Rule 6710(r).
