The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

Exhibit 5 - Proposed Rule Text

Add Remove View

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”),¹ Financial Industry Regulatory Authority, Inc. (“FINRA”) is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change to extend the pilot period related to FINRA Rule 6121.02 (Market-wide Circuit Breakers in NMS Stocks) to the close of business on October 18, 2019.

The text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

At its meetings on December 1, 2005 and December 3, 2007, the FINRA Board of Governors authorized the filing of proposed rule change with the SEC. No other action by FINRA is necessary for the filing of the proposed rule change.

FINRA has filed the proposed rule change for immediate effectiveness and has requested that the SEC waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing, so FINRA can implement the proposed rule change immediately.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

Rule 6121.02 provides a methodology for determining when to halt trading in all NMS Stocks due to extraordinary market volatility, i.e., market-wide circuit breakers.

¹ 15 U.S.C. 78s(b)(1).

The market-wide circuit breaker mechanism under Rule 6121.02 was approved by the Commission to operate on a pilot basis, the term of which was to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS (the “LULD Plan”),² including any extensions to the pilot period for the LULD Plan.³ The Commission published an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis.⁴

FINRA proposes to amend Rule 6121.02 to untie the pilot’s effectiveness from that of the LULD Plan and to extend the pilot’s effectiveness to the close of business on October 18, 2019. FINRA does not propose any additional changes to Rule 6121.02.

Market-wide circuit breakers under Rule 6121.02 provide an important, automatic mechanism that is invoked to promote stability and investor confidence during a period of significant stress when securities markets experience extreme broad-based declines. All U.S. equity exchanges have rules similar to Rule 6121.02 relating to market-wide circuit breakers, which are designed to slow the effects of extreme price movement through coordinated trading halts across securities markets when severe price declines reach levels that may exhaust market liquidity. Market-wide circuit breakers provide for trading halts in all equities and options markets during a severe market decline as measured by a single-day decline in the S&P 500 Index.

² See Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012) (the “Limit Up-Limit Down Release”).

³ See Securities Exchange Act Release Nos. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (Order Approving File No. SR-FINRA-2011-054).

⁴ See Securities Exchange Act Release Nos. 84843 (December 18, 2018), 83 FR 66464 (December 26, 2018) (Amendment No. 18 Proposing Release).

Rule 6121.02 generally provides that, in the event of a Level 1, Level 2 or Level 3 Market Decline,⁵ as determined by a primary listing market and publicly disseminated, FINRA shall halt trading otherwise than on an exchange in all NMS stocks and shall not permit the resumption of trading for the time periods specified by the primary listing market. Rule 6121.02 also provides that, if trading is halted in all NMS stocks for a Level 1 or a Level 2 Market Decline, FINRA will halt trading otherwise than on an exchange in all NMS stocks until trading has resumed on the primary listing market; if, however, the primary listing market does not reopen a security within 15 minutes following the end of the 15-minute halt period, FINRA may permit the resumption of trading otherwise than on an exchange in that security if trading in the security has commenced on at least one other national securities exchange. If a Level 3 Market Decline occurs at any time during the trading day, FINRA shall halt trading otherwise than on an exchange in all NMS stocks until the primary listing market opens the next trading day.

FINRA intends to file a separate proposed rule change with the Commission to operate Rule 6121.02 on a permanent, rather than pilot, basis. Extending the effectiveness of Rule 6121.02 to the close of business on October 18, 2019 should provide the Commission adequate time to consider whether to approve FINRA's separate proposal to operate the market-wide circuit breaker mechanism under Rule 6121.02 on a permanent basis.

⁵ For purposes of the Rule, a "Market Decline" means a decline in the value of the S&P 500® Index between 9:30 a.m. and 4:00 p.m. on a trading day as compared to the closing value of the S&P 500® Index for the immediately preceding trading day.

As noted in Item 2 of this filing, FINRA has filed the proposed rule change for immediate effectiveness and has requested that the SEC waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing, so FINRA can implement the proposed rule change immediately.

(b) Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁶ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. FINRA also believes that the proposed rule change promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning when and how to halt trading in all stocks as a result of extraordinary market volatility. Extending the market-wide circuit breaker pilot under Rule 6121.02 for an additional six months would ensure the continued, uninterrupted operation of a consistent mechanism to halt trading across the U.S. markets while the Commission considers whether to approve the pilot on a permanent basis. The proposed rule change would thus promote fair and orderly markets and the protection of investors and the public interest. Based on the foregoing, FINRA believes the benefits to market participants from the market-wide circuit breaker mechanism under Rule 6121.02 should continue on a pilot basis while the Commission considers whether to permanently approve Rule 6121.02.

⁶ 15 U.S.C. 78q-3(b)(6).

4. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA does not believe that the proposed rule change implicates any competitive issues because the proposal would ensure the continued, uninterrupted operation of a consistent mechanism to halt trading across the U.S. markets while the Commission considers whether to permanently approve the market-wide circuit breaker mechanism under Rule 6121.02. Further, FINRA understands that the other self-regulatory organizations will file proposals to extend their rules regarding the market-wide circuit breaker pilot with the Commission so that the market-wide circuit breaker mechanism may continue uninterrupted while the Commission considers whether to approve its operation on a permanent basis.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

The proposed rule change is effective upon filing pursuant to Section 19(b)(3) of the Act⁷ and paragraph (f)(6) of Rule 19b-4 thereunder,⁸ in that the proposed rule change does not significantly affect the protection of investors or the public interest; does not

⁷ 15 U.S.C. 78s(b)(3).

⁸ 17 CFR 240.19b-4(f)(6).

impose any significant burden on competition; and does not become operative for 30 days after filing or such shorter time as the Commission may designate. In accordance with Rule 19b-4(f)(6),⁹ FINRA submitted written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing, or such shorter time as the Commission may designate, as specified in Rule 19b-4(f)(6)(iii) under the Act.¹⁰

The market-wide circuit breaker mechanism under Rule 6121.02 is an important, automatic mechanism that promotes stability and investor confidence during a period of significant stress when securities markets experience extreme broad-based declines. This proposed rule change will not significantly affect the protection of investors or the public interest because it seeks to extend the protections provided by this pilot without any changes while the Commission considers whether to approve the market-wide circuit breaker mechanism on a permanent basis. This proposed rule change will also not impose any significant burden on competition because the FINRA believes that other self-regulatory organizations will file proposals to extend their rules regarding the market-wide circuit breaker pilot with the Commission so that the market-wide circuit breaker mechanism may continue uninterrupted while the Commission considers whether to approve its operation on a permanent basis. Accordingly, the FINRA has designated

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 240.19b-4(f)(6)(iii).

this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹¹ and paragraph (f)(6) of Rule 19b-4 thereunder.¹²

FINRA requests that the Commission waive the requirement that the rule change, by its terms, not become operative for 30 days after the date of the filing as set forth in Rule 19b-4(f)(6)(iii),¹³ so that the proposed rule change may become effective and operative upon filing with the Commission. Waiver of the 30-day operative delay will allow FINRA to continue the market-wide circuit breaker pilot through October 18, 2019, independent of whatever action the Commission takes with respect to Amendment 18 to the LULD Plan, which seeks Commission approval of the LULD Plan on a permanent basis. Waiver of the operative delay is consistent with the protection of investors and the public interest because it seeks to extend the protections provided by this pilot without any changes while the Commission considers whether to approve the market-wide circuit breaker mechanism under Rule 6121.02 on a permanent basis.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization, or of the Commission. As discussed above, FINRA believes that other self-

EXHIBIT 1

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-FINRA-2019-010)

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Extend the Pilot Period Related to FINRA Rule 6121.02 (Market-wide Circuit Breakers in NMS Stocks)

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on , Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to extend the pilot period related to FINRA Rule 6121.02 (Market-wide Circuit Breakers in NMS Stocks) to the close of business on October 18, 2019.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 17 CFR 240.19b-4(f)(6).

The text of the proposed rule change is available on FINRA's website at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Rule 6121.02 provides a methodology for determining when to halt trading in all NMS Stocks due to extraordinary market volatility, *i.e.*, market-wide circuit breakers. The market-wide circuit breaker mechanism under Rule 6121.02 was approved by the Commission to operate on a pilot basis, the term of which was to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS (the "LULD Plan"),⁴ including any extensions to the pilot period for the

⁴ See Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012) (the "Limit Up-Limit Down Release").

LULD Plan.⁵ The Commission published an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis.⁶

FINRA proposes to amend Rule 6121.02 to untie the pilot's effectiveness from that of the LULD Plan and to extend the pilot's effectiveness to the close of business on October 18, 2019. FINRA does not propose any additional changes to Rule 6121.02.

Market-wide circuit breakers under Rule 6121.02 provide an important, automatic mechanism that is invoked to promote stability and investor confidence during a period of significant stress when securities markets experience extreme broad-based declines. All U.S. equity exchanges have rules similar to Rule 6121.02 relating to market-wide circuit breakers, which are designed to slow the effects of extreme price movement through coordinated trading halts across securities markets when severe price declines reach levels that may exhaust market liquidity. Market-wide circuit breakers provide for trading halts in all equities and options markets during a severe market decline as measured by a single-day decline in the S&P 500 Index.

Rule 6121.02 generally provides that, in the event of a Level 1, Level 2 or Level 3 Market Decline,⁷ as determined by a primary listing market and publicly disseminated, FINRA shall halt trading otherwise than on an exchange in all NMS stocks and shall not permit the resumption of trading for the time periods specified by the primary listing

⁵ See Securities Exchange Act Release Nos. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (Order Approving File No. SR-FINRA-2011-054).

⁶ See Securities Exchange Act Release Nos. 84843 (December 18, 2018), 83 FR 66464 (December 26, 2018) (Amendment No. 18 Proposing Release).

⁷ For purposes of the Rule, a "Market Decline" means a decline in the value of the S&P 500® Index between 9:30 a.m. and 4:00 p.m. on a trading day as compared to the closing value of the S&P 500® Index for the immediately preceding trading day.

market. Rule 6121.02 also provides that, if trading is halted in all NMS stocks for a Level 1 or a Level 2 Market Decline, FINRA will halt trading otherwise than on an exchange in all NMS stocks until trading has resumed on the primary listing market; if, however, the primary listing market does not reopen a security within 15 minutes following the end of the 15-minute halt period, FINRA may permit the resumption of trading otherwise than on an exchange in that security if trading in the security has commenced on at least one other national securities exchange. If a Level 3 Market Decline occurs at any time during the trading day, FINRA shall halt trading otherwise than on an exchange in all NMS stocks until the primary listing market opens the next trading day.

FINRA intends to file a separate proposed rule change with the Commission to operate Rule 6121.02 on a permanent, rather than pilot, basis. Extending the effectiveness of Rule 6121.02 to the close of business on October 18, 2019 should provide the Commission adequate time to consider whether to approve FINRA's separate proposal to operate the market-wide circuit breaker mechanism under Rule 6121.02 on a permanent basis.

FINRA has filed the proposed rule change for immediate effectiveness and has requested that the SEC waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing, so FINRA can implement the proposed rule change immediately.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁸ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. FINRA also believes that the proposed rule change promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning when and how to halt trading in all stocks as a result of extraordinary market volatility. Extending the market-wide circuit breaker pilot under Rule 6121.02 for an additional six months would ensure the continued, uninterrupted operation of a consistent mechanism to halt trading across the U.S. markets while the Commission considers whether to approve the pilot on a permanent basis. The proposed rule change would thus promote fair and orderly markets and the protection of investors and the public interest. Based on the foregoing, FINRA believes the benefits to market participants from the market-wide circuit breaker mechanism under Rule 6121.02 should continue on a pilot basis while the Commission considers whether to permanently approve Rule 6121.02.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA does not believe that the proposed rule change implicates any competitive

⁸ 15 U.S.C. 78q-3(b)(6).

issues because the proposal would ensure the continued, uninterrupted operation of a consistent mechanism to halt trading across the U.S. markets while the Commission considers whether to permanently approve the market-wide circuit breaker mechanism under Rule 6121.02. Further, FINRA understands that the other self-regulatory organizations will file proposals to extend their rules regarding the market-wide circuit breaker pilot with the Commission so that the market-wide circuit breaker mechanism may continue uninterrupted while the Commission considers whether to approve its operation on a permanent basis.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6).

Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-FINRA-2019-010 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Robert W. Errett, Deputy Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-FINRA-2019-010. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld

from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of FINRA. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-FINRA-2019-010 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Robert W. Errett
Deputy Secretary

¹¹ 17 CFR 200.30-3(a)(12).

EXHIBIT 5

Below is the text of the proposed rule change. Proposed new language is underlined; proposed deletions are in brackets.

* * * * *

6121. Trading Halts Due to Extraordinary Market Volatility

Pursuant to the procedures set forth in Rule 6120(b), FINRA shall halt all trading otherwise than on an exchange in any NMS stock, as defined in Rule 600(b)(47) of SEC Regulation NMS, if other major securities markets initiate market-wide trading halts in response to their rules or extraordinary market conditions or if otherwise directed by the Securities and Exchange Commission. Members must halt quoting and trading otherwise than on an exchange in any NMS stock as of the time the market-wide trading halt is publicly disseminated.

••• Supplementary Material: -----

.01 No Change.

.02 Market-wide Circuit Breakers in NMS Stocks

(a) through (c) No Change.

(d) The provisions of Supplementary Material .02 of this Rule shall be in effect during a pilot period that expires at the close of business on October 18, 2019[to coincide with the pilot period for the Regulation NMS Plan to Address Extraordinary Market Volatility unless the pilot is either extended or approved permanently].
