## **INTRODUCTION**

The Series 6 Examination is the Investment Company and Variable Contracts Products Representative Qualification Examination. The examination is developed and maintained by the Financial Industry Regulatory Authority (FINRA). This Content Outline provides a comprehensive guide to the topics covered on the Investment Company and Variable Contracts Products Representative Qualification Examination (Series 6). The outline is intended to familiarize examination candidates with the range of subjects covered on the examination, as well as the depth of knowledge required. Sample questions are also included to acquaint candidates with the types of multiple-choice questions used on the examination. It is recommended that candidates refer to the content outline as part of their preparation to take the examination. Candidates are responsible for planning their course of study in preparation for the examination.

## **THE PURPOSE OF THE EXAMINATION**

The Series 6 Examination is designed to assess the competency of entry-level Investment Company and Variable Contracts Products Representatives. It is intended to safeguard the investing public by helping to ensure that Investment Company and Variable Contracts Products Representatives are competent to perform their jobs. Given this purpose, the Series 6 Examination seeks to measure the degree to which each candidate possesses the knowledge, skills and abilities needed to perform the critical functions of an Investment Company and Variable Contracts Products Representative. For more information about the permissible activities of an Investment Company and Variable Contracts Products Representative, please see NASD Rule 1032, which can be viewed in the FINRA Rule Manual through the following web link: [www.finra.org](http://www.finra.org).

## **ELIGIBILITY REQUIREMENTS**

The candidate must be associated with and sponsored by a FINRA member firm to be eligible to take the Series 6 Examination. There is no prerequisite requirement for this examination. For more information on eligibility requirements, please see NASD Rule 1031, which can be viewed in the FINRA Rule Manual through the following web link: [www.finra.org](http://www.finra.org)

## **APPLICATION PROCEDURES**

The FINRA member firm that sponsors the applicant must file a Uniform Application for Securities Industry Registration or Transfer (Form U4) in the Central Registration Depository (CRD<sup>®</sup>) and request the Investment Company and Variable Contracts Products Representative position (ET) on the Form U4.

## **STRUCTURE OF THE EXAMINATION**

The examination consists of 100 multiple-choice questions, which are distributed among the four major content areas listed in the table below.

## Job Functions and Number of Questions by Job Function

Job Functions		Number of Questions
Function 1	Regulatory fundamentals and business development	22
Function 2	Evaluates customers' financial information, identifies investment objectives, provides information on investment products, and makes suitable recommendations	47
Function 3	Opens, maintains, transfers and closes accounts and retains appropriate account records	21
Function 4	Obtains, verifies, and confirms customer purchase and sale instructions	10
Total		100

## DEVELOPMENT AND MAINTENANCE OF THE CONTENT OUTLINE AND EXAMINATION

The Series 6 Content Outline was developed based on the results of a job analysis study of Investment Company and Variable Contracts Products Representatives. The job analysis process included collecting data about the job functions, tasks and required knowledge of Investment Company and Variable Contracts Products Representatives from a wide variety of firms using numerous data collection techniques, including a survey.

To ensure and sustain the job relevance of the examination, under the guidance of FINRA staff, a committee of industry representatives ("the Committee") writes, reviews and validates all test questions. Test questions are subjected to multiple reviews prior to inclusion on the examination and each question is linked directly to a component of the content outline. Test questions vary in difficulty and complexity. Each question will have only one correct or best answer.

The bank of test questions changes constantly as a result of amendments to, or the introduction of, government and self-regulatory organization (SRO) rules and regulations, changes in industry practice and the introduction of new products. It is the candidate's responsibility to keep abreast of such changes when preparing to take the examination. Examination questions and their statistical performance are analyzed routinely by FINRA staff and the Committee to ensure that test questions continue to be relevant to the functions of Investment Company and Variable Contracts Products Representatives. Examination questions are updated when necessary to reflect current industry practices and government and SRO rules and regulations. **Please Note: Candidates are responsible for keeping abreast of changes made to the applicable rules and regulations, as the examination is updated when new rules are introduced and when the rules are amended.**

## **THE ADMINISTRATION OF THE EXAMINATION**

The examination is administered via computer. A tutorial on how to take the examination via computer is provided prior to taking the examination. Each candidate's examination includes 5 additional, unidentified pretest questions that do not contribute toward the candidate's score. The 5 questions are randomly distributed throughout the examination. Therefore, each candidate's examination consists of a total of 105 questions (100 scored and 5 unscored). Each scored test question is worth one point. There is no penalty for guessing. Therefore, candidates should attempt to answer all questions. Candidates will be allowed 135 minutes to complete the examination.

Scratch paper and basic electronic calculators will be provided to candidates by the test administrator, and must be returned to the test center administrator at the end of the testing session. Some test questions involve calculations. Only calculators provided by the test center administrators are allowed for use during the examination.

Candidates will not be permitted to bring any reference material to their testing session. Severe penalties are imposed on candidates who cheat or attempt to cheat on FINRA-administered examinations.

## **HOW THE EXAMINATION IS SCORED**

The passing score for the examination is the minimum number of test questions that a candidate has to answer correctly in order to pass the examination. FINRA staff, in consultation with the Committee, using a standard setting procedure, establishes the passing score for the examination. The passing score is an absolute standard and it is independent of the performance of candidates taking the examination. The passing score is 70%.

## **CANDIDATES' TEST RESULTS**

On the day of the test, candidates will receive a report of their test results both on screen and in paper format at the end of their test session. The score report will indicate pass/fail status and a score profile indicating performance based on each major content area covered on the examination. It is recommended that candidates who fail the examination review the information provided on the score report, as they may want to focus on the areas that they performed poorly on when preparing to retake the examination. For security reasons, the examination and individual test questions are not available for review after taking the examination.

## SAMPLE QUESTIONS

The following sample questions are included to provide an introduction to the basic formats of multiple-choice questions used on the examination. The sample questions do not reflect the difficulty level of actual test questions. Candidates who familiarize themselves with these formats may be able to improve their test-taking skills so that their performance on the examination will better reflect their knowledge of the areas tested.

**Closed-Stem:** The stem (the part that poses the question) is a complete sentence, and thus concludes with a question mark. The options (answer choices) may be complete or incomplete sentences.

**Example:** Which of the following mutual fund services must be offered continually to the mutual fund's shareholders?

- (A) Issuing shares
- (B) Redeeming shares
- (C) Exchanging shares
- (D) Transferring ownership of shares\*

**Open-Stem (Sentence Completion):** The stem is an incomplete statement, and the options represent conclusions to the sentence.

**Example:** The major difference between a closed-end fund and an open-end fund is that the closed-end fund:

- (A) Is unmanaged
- (B) Does not have a sales charge
- (C) Does not redeem shares held by the investors\*
- (D) Is not diversified

**Except or Not:** The "EXCEPT" case is used when the task is to select the response option that is an exception to the principle or rule stated in the stem. If it is clearly more straightforward or less awkward to use "not," rather than "except," this is done. In either case, the stem may be open or closed.

**Example:** In the Investment Company Act of 1940, the term "management company" applies to all of the following EXCEPT:

- (A) Unit investment trusts\*
- (B) Non-diversified companies
- (C) Open-end companies
- (D) Closed-end companies

## REFERENCES

Listed below are government and SROs' websites that provide information about rules and other information that may be useful in preparing for the examination. In addition to information about rules, the SROs may publish glossaries of terms, explanations of securities products, and compliance procedures. Candidates are encouraged to refer to the SROs' websites for information memos or Regulatory Notices concerning amendments to rules and the announcement of new rules that may be pertinent to the examination. Copies of federal securities laws and SEC rules may be purchased through the network of federal government printing offices. However, some of this information may be available on the SROs' and pertinent federal government's (e.g., the SEC) websites. It is recommended that candidates refer to the content outline as part of their preparation to take the examination. Candidates are responsible for planning their course of study in preparation for the examination. FINRA produces only the content outline and is not involved with and does not endorse any particular course of study.
