Form 19b-4

Proposed Rule Change

by

**NATIONAL ASSOCIATION OF SECURITIES DEALERS, INC.**

Pursuant to Rule 19b-4 under the  
Securities Exchange Act of 1934

1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 ("Act"), NASD Regulation, Inc. ("NASD Regulation") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to amend and implement Rule 1140 and to make other conforming changes. Additions are underlined; deletions are bracketed.

**1140. Electronic Filing Rules**

(a) Filing Requirement

All forms required to be filed by Article IV, Sections 1, 7, and 8, and Article V, Sections 2 and 3, of the By-Laws shall be filed through an electronic process or such other process the Association may prescribe to the Central Registration Depository.

(b) Supervisory Requirements

(1) In order to comply with the supervisory procedures requirement in Rule 3010 [of the Conduct Rules], each member [must] shall identify a Registered Principal(s) or corporate officer(s) who has a position of authority over registration functions, to be responsible for supervising the electronic filing of appropriate forms pursuant to this Rule.

(2) The Registered Principal(s) or corporate officer(s) who has or have the responsibility to review and approve the forms filed pursuant to this Rule [will] shall be required to acknowledge, electronically, that he is filing this information on behalf of the [firm] member and the [member firm's] member's associated persons.

(c) Form U-4 Filing Requirements

(1) Initial and transfer electronic application filings [will] shall be based on a signed Form U-4 provided to the [firm] member by the applicant. As part of the [member firm's] member's recordkeeping requirements, it [must] shall retain the applicant's signed Form U-4 and make it available upon regulatory request.

(2) [Amendments to the disclosure information in Item 22 can be filed electronically without obtaining the associated person's signature on Form U-4. The member will be required to provide the associated person with a copy of the amended disclosure information that was filed. In providing this material to the associated person, the firm must obtain the written acknowledgement that the information has been received and reviewed. The member must maintain this acknowledgement in its books and records and must make it available upon regulatory request.]

Fingerprint Cards

Upon filing an electronic Form U-4 on behalf of an applicant for registration, a member shall promptly submit a fingerprint card for the applicant. NASD Regulation may make a registration effective pending receipt of the fingerprint card. If a member fails to submit a fingerprint card within 30 days after NASD Regulation receives the electronic Form U-4, the person's registration shall be deemed inactive. In such case, NASD Regulation shall notify the member that the person must immediately cease all activities requiring registration and is prohibited from performing any duties and functioning in any capacity requiring registration. NASD Regulation shall

administratively terminate a registration that is inactive for a period of two years. A person whose registration is administratively terminated may reactivate the registration only by reapplying for registration and meeting the qualification requirements of the applicable provisions of the Rule 1020 Series and the Rule 1030 Series. Upon application and a showing of good cause, the Association may extend the 30-day period.

(d) Form U-5 Filing Requirements

Initial filings and amendments of Form U-5 [will] shall be [done] submitted electronically. As part of the [member firm's] member's recordkeeping requirements, it [must] shall make [them] such records available upon regulatory request.

(e) Third Party Filing

A member may employ a third party to file the required forms electronically on its behalf[, if the member and the third party have executed the Association's Broker-Dealer Agent - Filing Addendum to CRD Subscriber Agreement].

\* \* \*

**Rule 3010. Supervision**

\* \* \*

(e) **Qualifications Investigated**

Each member shall have the responsibility and duty to ascertain by investigation the good character, business repute, qualifications, and experience of any person prior to making such a certification in the application of such person for registration with this Association. Where an applicant for registration has previously been registered with the Association, the member shall

obtain from the [Firm Access Query System (FAQS)] Central Registration Depository or from the applicant a copy of the Uniform Termination Notice of Securities Industry Registration (Form U-5) filed with the Association by such person's most recent previous NASD member employer, together with any amendments thereto that may have been filed pursuant to Article IV, Section 3 of the Association's By-Laws. The member shall obtain the Form U-5 as required by this Rule no later than sixty (60) days following the filing of the application for registration or demonstrate to the Association that it has made reasonable efforts to comply with the requirement. A member receiving a Form U-5 pursuant to this Rule shall review the Form U-5 and any amendments thereto and shall take such action as may be deemed appropriate.

## 2. Procedures of the Self-Regulatory Organization

(a) The Board of Directors of NASD Regulation approved the proposed rule change and authorized its filing with the Commission at the NASD Regulation Board meeting on March 24, 1999. The Nasdaq Stock Market Inc. has been provided an opportunity to consult with respect to the proposed rule change, pursuant to the Plan of Allocation and Delegation of Functions by the NASD to its Subsidiaries. The National Association of Securities Dealers, Inc. ("NASD") Board of Governors had an opportunity to review the proposed rule change at its meeting on March 25, 1999. No other action by the NASD is necessary for the filing of the proposed rule change. Article III, Section 2 of the NASD By-Laws permits the Board of Governors to adopt rules concerning applications for membership and registration without recourse to the membership for approval.

(b) Questions regarding this rule filing may be directed to Mary M. Dunbar, NASD Regulation, Office of General Counsel, at (202) 728-8252.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

On July 15, 1996, the Commission approved NASD Rule 1140.<sup>1</sup> The purpose of this rule was to require members to file Forms U-4 and U-5 electronically on a redesigned Central Registration Depository ("CRD") system then under development. That system used network-based architecture and proprietary software developed by the NASD. In 1997, NASD Regulation determined to proceed with a new approach to the CRD system that will permit members to submit CRD filings electronically via NASD Regulation's World Wide Web site ("Web CRD"), rather than using network-based architecture and proprietary software to submit such filings.<sup>2</sup> As a result, Rule 1140 has never been implemented.

The purpose of the proposed rule change is to amend Rule 1140 to make it consistent with the newly developed Web CRD and to implement the Rule on the planned date of deployment of Web CRD, which is August 16, 1999.<sup>3</sup> First, current paragraph (c)(2) is deleted. As approved in 1996, this provision would have permitted a firm to amend disclosure information in Item 22 of the Form U-4 without obtaining the registered person's signature if the firm provided a copy of the filing to the registered person and obtained and maintained a record of an acknowledgment by the registered person. NASD Regulation has not provided for such a

---

<sup>1</sup> Exchange Act Rel. No. 37439 (July 15, 1996); 61 FR 37950 (July 22, 1996).

<sup>2</sup> Web CRD is designed to support electronic filing of Forms U-4, U-5, U-6, BD, and BDW via NASD Regulation's World Wide Web site. Ultimately, NASD Regulation expects that all filings for both broker-dealers and their associated persons will be submitted exclusively through electronic means. All Forms U-4 and U-5 (i.e., the uniform securities industry applications for registration and termination, respectively) will be submitted electronically upon deployment of Web CRD on August 16, 1999. See SR-NASD-98-96.

<sup>3</sup> NASD Regulation also has proposed revised Forms U-4 and U-5 that are designed to be used with the new Web CRD system. These Forms are proposed to become effective on August 1, 1999. See SR-NASD-98-96 for a description of the transition period from July 30 to August 16, 1999.

practice in the initial release of the Web CRD system in August 1999. NASD may consider providing for such a practice in the future.<sup>4</sup>

Second, a new paragraph (c)(2) would be added to the Rule to address the continued submission of paper fingerprint cards in the Web CRD electronic filing environment. This amendment is necessary because it is not feasible at this time to implement electronic filing of fingerprint cards. In Web CRD, firms will: (1) include a barcode number from the fingerprint card in an electronic Form U-4 filing; and (2) undertake to submit the fingerprint card by mail or delivery service.<sup>5</sup> The amended rule would authorize NASD Regulation to make a registration effective pending receipt of the fingerprint card. The rule also would be amended to authorize NASD Regulation to place a person in an inactive status if NASD Regulation does not receive the fingerprint card within 30 days of the filing of a Form U-4. This will enable NASD Regulation to address those instances in which fingerprint cards (which are required by NASD and SEC rules<sup>6</sup>) are not submitted in a timely fashion.<sup>7</sup>

Paragraph (e) of Rule 1140 also is amended. This paragraph permits members to use a service bureau for filing the Forms if the member and the service bureau have executed a Filing Addendum to the CRD Subscriber Agreement. The reference to the Agreement is deleted because such agreements, which were necessary to protect the NASD's proprietary software, are not necessary in the Web CRD environment because proprietary software is not used. As with

---

<sup>4</sup> The current practice of permitting administrative information on pages 1 and 2 of Form U-4 to be amended without obtaining the registered person's signature will be continued in Web CRD. This practice was specifically approved in the Commission's 1996 order. See Exchange Act Rel. No. 37439 (July 15, 1996); 61 FR 37950 (July 22, 1996).

<sup>5</sup> A person submitting the electronic Form U-4 filing will be asked to enter the barcode on the fingerprint cards into a designated field on the screen; the screen will also contain language indicating that, by entering the barcode, the filer is representing that he is or will be submitting the hard copy fingerprint cards by mail or delivery service.

<sup>6</sup> See NASD Rule 1013(a)(1)(C); 17 CFR 240.17f-2.

other electronic filings required under the NASD Rules, members may use a service bureau to submit electronic filings, but the member will remain ultimately responsible for the timeliness and content of the filings. NASD Regulation is working with service bureaus to make sure they are prepared to provide this service to members. Other grammatical changes are made to the Rule.

In 1996, the NASD Board had intended to provide a one-year transition during which the NASD would continue to process paper filings for firms with 50 or fewer registered representatives. The NASD Regulation Board has reconsidered this issue and determined that a transition period is not necessary. Web CRD, unlike the earlier system under development, does not require a firm to purchase any special hardware or software; members will have low-cost access to the system through NASD Regulation's Web site.<sup>8</sup> NASD Regulation also has been working closely with end-users (i.e., broker-dealers, states, self-regulatory organizations, and the Commission) to prepare them for Web CRD. NASD Regulation has conducted several successful pilot programs during 1998 and early 1999 in preparation for the deployment of Web CRD in August 1999 to begin familiarizing end-users with the system and how it will operate. NASD Regulation also has conducted conferences nationwide to provide end-users with an

---

<sup>7</sup> Web CRD will have a mechanism that will enable firms to identify individuals whose paper fingerprint cards have not been delivered to NASD Regulation within the 30-day period.

<sup>8</sup> Electronic filing in Web CRD will be simpler for broker-dealers because it requires only that a broker-dealer have access to an Internet browser (*e.g.*, Internet Explorer, Netscape) and to the Internet through an account with an Internet Service Provider (*e.g.*, Microsoft Network, MCI WorldCom, America OnLine). Accordingly, electronic filing can be accomplished with significantly less difficulty and at lower costs than possible under the earlier CRD redesign approach, which required that firms subscribe to proprietary software and, in most cases, upgrade their computer hardware. In addition, members are already required to have an electronic mail account and to be able to access NASD Regulation's Web site for the purpose of updating their Firm Contact Questionnaire. See NASD By-Laws Article IV, Section 3.

opportunity to familiarize themselves with Web CRD.<sup>9</sup> NASD Regulation also is providing current CRD users with periodic updates discussing the features and functionality of Web CRD through the *CRD/PD Bulletin* and *Web CRD Update*, publications that are available in hard copy and on NASD Regulation's Web site (*www.nasdr.com*). In addition, beginning in February 1999, NASD Regulation began providing current CRD users with Web CRD user accounts and passwords. End-users will have an opportunity to practice accessing and working in the Web CRD system in July 1999 prior to deployment the following month. In addition, NASD Regulation is preparing Web-based tutorials (accessible through NASD Regulation's Web site) for all end-users that will explain how to navigate in and use the system.

Rule 3010 also is amended to remove a reference to the Firm Access Query System (FAQS), a system that currently permits members to view certain information in the CRD for the purpose of investigating applicants for employment. Upon deployment of Web CRD, FAQS will be obsolete; members will use Web CRD to conduct qualifications investigations and will have access to all of the same information that was available to them under FAQS.

NASD Regulation proposes to make Rule 1140, as amended, effective for all members on August 16, 1999. The effective date will be announced at least 30 days in advance in a Notice To Members.

(b) Statutory Basis

NASD Regulation believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that the Association's rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and

equitable principles of trade, and, in general, to protect investors and the public interest. NASD Regulation believes that the proposed rule change will make processing of Forms U-4 and U-5 more efficient, will allow members and regulators to have quicker access to information contained in those filings, and facilitate oversight of securities industry firms and their personnel.

4. Self-Regulatory Organization's Statement on Burden on Competition

NASD Regulation does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Not applicable.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

9. Exhibits

1. Completed notice of proposed rule change for publication in the Federal Register.

Pursuant to the requirements of the Securities Exchange Act of 1934, NASD Regulation has duly caused this filing to be signed on its behalf by the undersigned thereunto duly

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by NASD Regulation, Inc. Relating to Amendments to Rule 1140

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June 2, 1999, the National Association of Securities Dealers, Inc. ("NASD" or "Association"), through its wholly owned subsidiary NASD Regulation, Inc. ("NASD Regulation"), filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASD Regulation. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. SELF-REGULATORY ORGANIZATION'S STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

NASD Regulation is proposing to amend and implement Rule 1140 to require electronic filing of Form U-4, the Uniform Application for Securities Industry Registration or Transfer, and the Form U-5, the Uniform Termination Notice for Securities Industry Termination (collectively "Forms") and to make other conforming changes. Additions are underlined; deletions are bracketed.

The member shall obtain the Form U-5 as required by this Rule no later than sixty (60) days following the filing of the application for registration or demonstrate to the Association that it has made reasonable efforts to comply with the requirement. A member receiving a Form U-5 pursuant to this Rule shall review the Form U-5 and any amendments thereto and shall take such action as may be deemed appropriate.

II. SELF-REGULATORY ORGANIZATION'S STATEMENT OF THE PURPOSE OF, AND STATUTORY BASIS FOR, THE PROPOSED RULE CHANGE

In its filing with the Commission, NASD Regulation included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASD Regulation has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On July 15, 1996, the Commission approved NASD Rule 1140.<sup>3</sup> The purpose of this rule was to require members to file Forms U-4 and U-5 electronically on a redesigned Central Registration Depository ("CRD") system then under development. That system used network-based architecture and proprietary software developed by the NASD. In 1997, NASD Regulation determined to proceed with a new approach to the CRD system that will permit members to submit CRD filings electronically via NASD Regulation's World Wide Web site ("Web CRD"), rather than using network-based architecture and proprietary software to submit such filings.<sup>4</sup> As a result, Rule 1140 has never been implemented.

The purpose of the proposed rule change is to amend Rule 1140 to make it consistent with the newly developed Web CRD and to implement the Rule on the planned date of

deployment of Web CRD, which is August 16, 1999.<sup>5</sup> First, current paragraph (c)(2) is deleted. As approved in 1996, this provision would have permitted a firm to amend disclosure information in Item 22 of the Form U-4 without obtaining the registered person's signature if the firm provided a copy of the filing to the registered person and obtained and maintained a record of an acknowledgment by the registered person. NASD Regulation has not provided for such a practice in the initial release of the Web CRD system in August 1999. NASD may consider providing for such a practice in the future.<sup>6</sup>

Second, a new paragraph (c)(2) would be added to the Rule to address the continued submission of paper fingerprint cards in the Web CRD electronic filing environment. This amendment is necessary because it is not feasible at this time to implement electronic filing of fingerprint cards. In Web CRD, firms will: (1) include a barcode number from the fingerprint card in an electronic Form U-4 filing; and (2) undertake to submit the fingerprint card by mail or delivery service.<sup>7</sup> The amended rule would authorize NASD Regulation to make a registration effective pending receipt of the fingerprint card. The rule also would be amended to authorize NASD Regulation to place a person in an inactive status if NASD Regulation does not receive the fingerprint card within 30 days of the filing of a Form U-4. This will enable NASD

<sup>5</sup> NASD Regulation also has proposed revised Forms U-4 and U-5 that are designed to be used with the new Web CRD system. These Forms are proposed to become effective on August 1, 1999. See SR-NASD-98-96 for a description of the transition period from July 30 to August 16, 1999.

Regulation to address those instances in which fingerprint cards (which are required by NASD and SEC rules<sup>8</sup> are not submitted in a timely fashion.<sup>9</sup>

Paragraph (e) of Rule 1140 also is amended. This paragraph permits members to use a service bureau for filing the Forms if the member and the service bureau have executed a Filing Addendum to the CRD Subscriber Agreement. The reference to the Agreement is deleted because such agreements, which were necessary to protect the NASD's proprietary software, are not necessary in the Web CRD environment because proprietary software is not used. NASD Regulation proposes to make Rule 1140, as amended, effective for all members on August 16, 1999. The effective date will be announced at least 30 days in advance in a Notice To Members.

2. Statutory Basis

NASD Regulation believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that the Association's rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. NASD Regulation believes that the proposed rule change will make processing of Forms U-4 and U-5 more efficient, will allow members and regulators to have quicker access to information contained in those filings, and facilitate oversight of securities industry firms and their personnel.
