II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In filing the proposed rule change and Amendment No. 1 with the Commission, NASD included statements concerning the purpose of, and basis for, the proposed rule change, as amended. The text of these statements may be examined at the places specified in Item IV below. NASD has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASD Rule 2340 requires any member that conducts a general securities business and also carries customer accounts or holds customer funds or securities, at least once each calendar quarter, to send a statement of account containing a description of any securities positions, money balances, or account activity to each customer whose account had a security position, money balance, or account activity during the time since the last statement was sent.

In a DVP/RVP arrangement, payment for securities purchased is made to the selling customer’s agent and/or delivery of securities sold is made to the buying customer’s agent in exchange for payment at time of settlement, usually in the form of cash. Because transactions in DVP/RVP accounts (chiefly institutional accounts) are settled directly with the agent on a transaction-by-transaction basis, account statements sent by general securities firms to customers with DVP/RVP accounts generally do not reflect any cash balance or security position at the end of a quarter. Rather than using the information provided in quarterly statements, DVP/RVP customers generally rely on trade runs or customer confirmations issued pursuant to Rule 10b-10 under the Act for transaction-related information.

The proposed rule change to Rule 2340 would relieve members from the obligation to send quarterly statements to customers with DVP/RVP accounts if: (1) The customer’s account is carried solely for the purpose of execution on a DVP/RVP basis; (2) all transactions in the account are handled on a DVP/RVP basis in conformity with Rule 11860;⁷ (3) there are no securities or cash positions in the account at the end of the quarter (other than positions of a temporary nature, such as those arising from fails to receive or deliver, errors, questioned trades, dividend or bond interest entries and other similar transactions); (4) the customer consents to the suspension in writing; (5) the member undertakes to provide any particular statement or statements to the customer promptly upon request; and (6) the member undertakes to promptly reinstate the delivery of such statements to the customer upon request. The proposed rule change specifies that Rule 2340 does not qualify or condition the obligations of a member under SEC Rule 15c3-2 concerning quarterly notices of free credit balances on statements. The proposed rule change would also define “DVP/RVP account” for purposes of Rule 2340.⁸

By requiring the customer’s affirmative consent, the customer’s ability to receive quarterly statements is preserved, and the member is precluded from unilaterally terminating delivery of customer statements. In addition, customers would be able to promptly receive particular account statements upon request, and promptly reinstate the delivery of account statements upon request.

The proposed rule change also includes a technical amendment that would replace the reference to “the Association” in paragraph (e) of Rule 2340 with “NASD,” because NASD no longer refers to itself using its full corporate name, “the Association,” or “the NASD.” Instead, NASD uses “NASD” unless otherwise appropriate for corporate or regulatory reasons.

⁷ Prior to accepting an order in a DVP/RVP account, a member must comply with Rule 11860, which requires, among other things, that the member obtain certain information from the customer, including the name and address of the agent and the account number of the customer on file with the agent.

⁸ Proposed Rule 2340(d)(6) would define a “DVP/RVP account” as “an arrangement whereby payment for securities purchased is made to the selling customer’s agent and/or delivery of securities sold is made to the buying customer’s agent in exchange for payment at time of settlement, usually in the form of cash.”

2. Statutory Basis

NASD believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that NASD rules must be designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, and, in general, to protect investors and the public interest. NASD believes that the proposed rule change is designed to facilitate transactions in securities and to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to transactions in securities by giving members a mechanism to allow certain customers that utilize alternative sources of information to keep track of their trading to opt out of receiving unwanted account statements. NASD also believes that the conditions of the proposed amended rule are designed to promote just and equitable principles of trade and, in general, to protect investors and the public interest by requiring that consents to the suspension of account statements under the amended rule be in writing, and by requiring members to undertake to promptly provide any particular account statement upon request and to promptly reinstate delivery of account statements upon request.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

NASD neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (a) By order approve such proposed rule change, or
- (b) institute proceedings to determine whether the proposed rule change should be disapproved.

NASD will announce the effective date of the proposed rule change in a *Notice to Members* to be published no later than 60 days following Commission approval. The effective date of the proposed rule change will be 30 days following publication of the *Notice to Members* announcing Commission approval.
