

proposed Temporary Member access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-12 with respect to the original Temporary Member access fee.⁶ Similarly, the Exchange believes that the process used to set the proposed ITP access fee and the proposed ITP access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-77 with respect to the original ITP access fee.⁷

Each of the proposed access fees will remain in effect until such time either that the Exchange submits a further rule filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ to modify the applicable access fee or the applicable status (*i.e.*, the Temporary Membership status or the ITP status) is terminated.

Accordingly, the Exchange may, and likely will, further adjust the proposed access fees in the future if the Exchange determines that it would be appropriate to do so taking into consideration lease rates for transferable CBOE memberships prevailing at that time.

The procedural provisions of the CBOE Fee Schedule related to the assessment of each proposed access fee are not proposed to be changed and will remain the same as the current procedural provisions relating to the assessment of that access fee.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act,¹⁰ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not

necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and subparagraph (f)(2) of Rule 19b-4¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to clarify the application of transaction-related charges for trade reporting to the OTC Reporting Facility ("ORF") pursuant to FINRA Rule 7710.

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The FINRA Rule 7700 Series, among other things, sets forth the pricing schedule for the ORF, the OTC Bulletin Board, and the Trade Reporting and Compliance Engine Services. On March 1, 2007, FINRA filed a proposed rule change (SR-NASD-2007-018) for immediate effectiveness that deleted certain fee provisions from the FINRA Rule 7700 Series³ and amended certain other provisions.⁴ In that filing, NASD Rule 7010(g) was renumbered as NASD Rule 7010, renamed, and amended to apply only to the ORF.⁵ The amendments became operative on March 5, 2007.⁶ As FINRA stated in the

filing, the amendments made to the rule language were not intended to modify any of the charges relating to the ORF.

Although there was no intent to modify any charges in connection with reporting transactions to the ORF, the rule language, as amended by SR-NASD-2007-018, omitted some securities from the rule because of the definition of "OTC Equity Security" in FINRA Rule 6420. The previous rule, NASD Rule 7010(g), included a catch-all provision that applied a charge of \$0.029/side to the "reporting of all other transactions not subject to comparison." This language included, for example, PORTAL equity securities, which are reported to the ORF pursuant to the PORTAL rules in the FINRA Rule 6630 Series. The term "OTC Equity Security," however, specifically excludes PORTAL securities and restricted securities from the definition.⁷ Thus, by using the defined term "OTC Equity Security" from March 5, 2007, until June 17, 2009, PORTAL equity securities were inadvertently omitted from the scope of the rule language.⁸

The proposed rule change deletes the prior reference to "OTC Equity Security" in FINRA Rule 7710 to clarify that, from March 5, 2007, until June 17, 2009, the transaction reporting charges imposed pursuant to the rule applied to the reporting of transactions in any security, not just OTC Equity Securities, to the ORF that were not subject to comparison through the ORF.

FINRA is proposing that the operative date of the proposed rule change be retroactive from March 5, 2007, to June 17, 2009.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act,⁹ which requires, among other things, that FINRA rules provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system that FINRA operates or controls. FINRA believes that the proposed rule change clarifies the charges that were assessed with respect to transactions that were reported to the ORF from March 5, 2007, until June 17, 2009, and correctly reflects FINRA's intent when it amended the rule in SR-NASD-2007-018.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60243; File No. SR-CHX-2009-09]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by the Chicago Stock Exchange, Inc. Adding the Post Only and Post Only ISO Order Types

July 6, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4² thereunder, notice is hereby given that on June 29, 2009, the Chicago Stock Exchange, Inc. ("CHX" or the "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II, below, which Items have been prepared by CHX. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to amend its rules to add the Post Only and Post Only ISO order types. The text of this proposed rule change is available on the Exchange's Web site at (<http://www.chx.com>), at the principal office of the Exchange, and in the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend CHX Article 20, Rule 4 to add the Post Only and Post Only ISO order types.

A Post Only Order is an order designed to encourage displayed liquidity on the Exchange. By its terms, a Post Only Order is posted on the Exchange and does not route away to another trading center. A Post Only Order will be immediately cancelled if it is marketable against a contra-side order in the Matching System when entered, or if it is at a price that would lock or cross a manual or protected quotation.

A Post Only ISO Order is a type of ISO order that will be immediately cancelled without execution if it is marketable against a contra-side order in the Matching System when entered. If a Post Only ISO is not immediately cancelled, it will be posted on the Exchange at the entered limit price. By entering a Post Only ISO, a Participant represents that such Participant has simultaneously routed one or more additional limit orders marked "ISO," as necessary, to away markets to executed against the full displayed size of any protected quotation for the security with a price that is superior or equal to the limit price of the Post Only ISO entered in the Matching System. Consequently, a Post Only ISO order will be displayed by the Exchange

regardless of whether it will lock or cross another market center's quote.

Orders marked Post Only and Post Only ISO will always be considered "liquidity providing" by the Exchange for purposes of application of the Exchange's fees and rebate programs. By making a Post Only or Post Only ISO designation, Participants are able to avoid the risk that their orders will be considered "liquidity taking" for purposes of application of the Exchange's fees and rebate programs. CHX notes that order types similar to the proposed Post Only and Post Only ISO order types are already in use by other market centers.³

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act in general,⁴ and furthers the objectives of Section 6(b)(5) in particular,⁵ in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transaction in securities, to remove impediments and perfect the mechanisms of a free and open market, and, in general, to protect investors and the public interest by allowing CHX to amend its rules to add the Post Only and Post Only ISO order types based on similar rules already in effect at other exchanges. The addition of these order types will benefit Exchange customers and promote competition among market centers.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of
