

FINRA--Proposed Regulatory Notice 18-22 discovery of liability insurance for non-wire house customer cases:

My name is Gail E. Boliver, attorney, representing investors and brokers for over 25 years. I have an active litigation practice in both state and federal courts in Iowa and Nebraska.

I have reviewed the proposed RN 18-22 and highly recommend its approval. The Notice would conform to practice in most courts that require the disclosure of insurance information related to liability/damages. This add to discovery may have the effect of resolving cases efficiently and faster.

I am available to answer any questions or provide further input should you require same.

Thank you,

Gail
