

About View Individual

View Individual is a “Read Only” function that provides entitled users with the capability of viewing information about an individual associated your firm. The information available in View Individual includes, but is not limited to: personal information, employment history, registrations summary and disclosure.

Information for Disclosure Only Individuals is also available. Disclosure Only Individuals are individuals for whom a record was created by a regulator as a result of a Form U6 Uniform Disciplinary Action Reporting filing; these individuals may not be currently registered in CRD.

Entitlement is required to view Social Security Numbers (SSNs) in Web CRD and IARD. For users who do not have this entitlement, SSNs will display as “xxx-xx-xxx” throughout the system. Individual searches may still be performed using the SSN as part of the search criteria. Users that require entitlement to view SSNs should contact their Super Account Administrator.

Disclosures

This section of View Individual displays information on current and historical Disclosure events that have been reported for this individual via Form U4. There are six types of disclosure questions on Form U4: criminal, regulatory, civil judicial, customer complaints, terminations and financial. Details for Disclosure events are reported via Disclosure Reporting Pages on Form U4. Within the Disclosures section

Disclosure Terminology

Disclosure Term	Definition
Occurrence	A disclosure event that is reported to Web CRD via one or more Disclosure Reporting Pages (DRPs) and has been reviewed by a Disclosure Review Analyst. Each occurrence contains details regarding a specific disclosure event. More than one disclosure question may apply to a specific disclosure event. Therefore, there may be multiple “yes” answers for a particular occurrence. An occurrence can have as many as three sources reporting the same event: Forms U4, U5 and/or U6.
Reportable	An occurrence determined to be reportable in Web CRD via Forms U4 and/or U5.
Disclosable	An occurrence that is disclosed through FINRA BrokerCheck®.
Eligible for Public Disclosure	Eligible for Public Disclosure column displays on both the Current Disclosure Summary and Regulatory Archive and Z Records pages. However, it is only applicable to the Reg. Arc. & Z Records. Therefore this column should always be blank on the Current Disclosure Summary. The Eligible for Public Disclosure column will be populated with either a Yes or No value only for customer complaint/arbitration/civil litigation disclosure occurrences. A Yes value indicates the archived customer complaint/arbitration/civil litigation occurrence may be eligible to be disclosed through proposed changes to the FINRA BrokerCheck Program. <i>Please be aware that the Eligible for Public Disclosure column does not include additional disclosure information that may be distributed to public investors pursuant to states' public record statutes.</i>
Material Difference in Disclosure	The Material Difference Flag applies to dually registered individuals (registered with multiple firms). This flag is set whenever a difference exists between the disclosures reported by the firms with which the individual is registered, in any of the factual Form U4 DRP fields for the same disclosure event. The flag may be set for all DRP fields except for the summary details/representative commentary field. The flag acts as a notification to the individual's employing firms and regulators.
Event Date	The date the event occurred as reported on the DRP.
First Reported	The date the event was first reported to CRD, i.e., the filing date of the Form U4, U5 or U6 DRP that first reported the event.
Final Resolution	Generally, the date the event was resolved as reported on the DRP.
Questions Answered	The specific question(s) answered in the affirmative in the Disclosure Question section of Forms U4 and/or U5 that pertain to a particular disclosure event/occurrence. The disclosure question(s) checked on the DRP should pertain to the disclosure event being reported on the DRP and correspond to the affirmative response(s) in the Disclosure Questions section of Forms U4 and/or U5.

Current Disclosure Summary

This screen displays a table of all disclosure events that were reported via Form U4 on one or more Disclosure Reporting Pages (DRPs). Events will only display on this screen after the DRP has been reviewed by a Disclosure Review Analyst.

The Occurrence ID Number or the DRP Type (e.g., Regulatory Action) hyperlink will allow you to view the Disclosure Occurrence Composite page. The Composite page consists of the most recent DRP submitted by each filing source (i.e. Form U4, U5 and/or U6) for that disclosure event.

The Filing Type hyperlink (e.g., U4-AMENDMENT) will allow you to view the last form filing that reported the disclosure event. The form filing includes all sections submitted and not just the DRP. You can also view the changes submitted on that particular filing.

The Date hyperlink will allow you to view all DRPs (historical and current) submitted for that disclosure event with the most recent DRP first.

What is Legacy Disclosure?

Legacy Disclosure is a static snapshot of the individual's disclosure as it existed in Legacy CRD prior to the implementation of Web CRD.

Web CRD was deployed in August 1999. Prior to the implementation of Web CRD, Legacy CRD was the system used to capture information submitted by the firms. In August 1999, FINRA converted Legacy disclosure records for only those individuals who had been "active" since November 1996.

Regulatory Archive and Z Records

This screen contains information specific to an individual's or firm's CRD record that is not or is no longer reportable via Forms U4 and Form U5. (Note: Archived disclosure may still be eligible to be displayed on BrokerCheck. FINRA Rule 8312 governs what is displayed on BrokerCheck. View the rule text [here](#).)

Examples of information contained in Regulatory Archive and Z Records (not all inclusive):

- Disclosure events that have passed the timeframe required to be reportable
- Historic Customer Complaints
 - FINRA Rule 8312 (b)(2)(G) defines Historic Complaints as the information last reported on Registration Forms relating to customer complaints that are more than two (2) years old and that have not been settled or adjudicated, and customer complaints, arbitrations or litigations that have been settled for an amount less than \$10,000 prior to May 18, 2009 or an amount less than \$15,000 on or after May 18, 2009 and are no longer reported on a Registration Form), provided that any such matter became a Historic Complaint on or after August 16, 1999.
- Written customer complaints and/or arbitrations/civil litigations in which the rep is the subject of the complaint (but not named in the arbitration or civil litigation) (i.e., 1413 and 1415) that were filed more than 24 months ago, and are withdrawn, dismissed, closed without action or settled for less than the threshold amount.
- Certain events pending a resolution that are therefore deemed non-reportable by the disposition, such as:
 - Satisfied judgment/liens
 - Dismissed or denied arbitrations or litigations
 - Arbitrations/litigations settled for less than \$10,000 prior to 05/18/2009
 - Arbitrations/litigations settled for less than \$15,000 on or after 05/18/2009
 - Regulatory events closed without action

Continuing Education

This section displays current and historical Continuing Education (CE) information for an individual. Information displayed includes the individual's CE Status, Base Date, and upcoming CE Requirement window. If the individual has open CE window dates and have made an appointment, the detailed appointment information will also display (i.e appointment date, vendor, location, etc)

Registered persons must participate in the Regulatory Element within 120 days of the second anniversary of their initial securities registration approval and every three years. Incurring a significant disciplinary action results in a requirement to complete the Regulatory Element within 120 days of the effective date of the significant disciplinary action. The individual's CE Base Date will then be adjusted to reflect the effective date of the significant disciplinary action rather than the initial securities registration approval date.

Continuing Education requirements do not apply to Investment Adviser-only representatives. For additional information regarding the Continuing Education Program go to the CE Council Web site:

NOTICE: You have requested access to FBI-maintained Criminal History Record Information (CHRI), which includes information collected by criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, indictments, informations, or other formal criminal charges (and any disposition arising therefrom) sentencing, correctional supervision, and release.

Under provisions set forth in 28 C.F.R. § 50.12, both governmental and nongovernmental entities authorized to submit fingerprints and receive FBI identification records must notify the individuals fingerprinted that the fingerprints will be used to check the criminal history records of the FBI. Identification records obtained from the FBI may be used solely for the purpose requested and may not be disseminated outside the receiving department or related agency. Only current CHRI may be used to deny a license or registration. If the information on the record is used to disqualify an applicant, the official making the determination of suitability for licensing or employment must provide the applicant the opportunity to complete, or challenge the accuracy of, the information contained in the FBI identification record. The deciding official should not deny the license or employment based on the information in the record until the applicant has been afforded a reasonable time to correct or complete the information, or has declined to do so. An individual should be presumed not guilty of any charge/arrest for which there is no final disposition stated on the record or otherwise determined. If the applicant wishes to correct the record as it appears in the FBI's Criminal Justice Information Services Division records system, the applicant should be advised that the procedures to change, correct or update the record are set forth in 28 CFR § 16.34.
