FINRA-2022-024 Partial A-1 Exhibit 4
FINRA-2022-024 Partial A-1 Exhibit 5
FINRA 2022-024 Partial A-1 .docx

On July 29, 2022, the Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change, SR-FINRA-2022-024, that would amend the Code of Arbitration Procedure for Customer Disputes (“Customer Code”) and the Code of Arbitration Procedure for Industry Disputes (“Industry Code”) (together, “Codes”) to modify the current process relating to the expungement of customer dispute information (“Proposal”) from the Central Registration Depository (CRD®) system.¹

Specifically, the Proposal would amend the Codes to impose requirements on expungement requests (a) filed by an associated person during an investment-related, customer-initiated arbitration (“customer arbitration”), or filed by a party to the customer arbitration on behalf of an associated person (“on-behalf-of request”), or (b) filed by an associated person separate from a customer arbitration (“straight-in request”). Specifically, the proposed rule change would: (1) require that a straight-in request be decided by a three-person panel that is randomly selected from a roster of experienced public arbitrators with enhanced expungement training; (2) prohibit parties to a straight-in request from agreeing to fewer than three arbitrators to consider their expungement requests, striking any of the selected arbitrators, stipulating to an arbitrator’s removal or stipulating to the use of pre-selected arbitrators; (3) provide notification to state securities regulators of all expungement requests and a mechanism for state securities regulators to attend and participate in expungement hearings in straight-in requests; (4) impose strict time limits on the filing of straight-in requests; (5) codify and update the best practices in the Notice to Arbitrators and Parties on Expanded Expungement Guidance applicable to all expungement hearings, including amendments to establish additional requirements for expungement hearings, to facilitate customer attendance and participation in expungement hearings and to codify the panel’s² ability to request any evidence relevant to the expungement request; (6) require the unanimous agreement of the panel to issue an award containing expungement relief; and (7) establish procedural requirements for filing expungement requests, including for on-behalf-of requests. The Proposal would also amend the Customer Code to specify procedures for requesting expungement of customer dispute information during simplified arbitrations.

The Commission published the Proposal for public comment in the Federal Register on August 15, 2022 and received 45 comments in response.³ Twelve commenters, including PIABA, PIABA Foundation and NASAA, expressed general

² Under the Codes, the term “panel” means the arbitration panel, whether it consists of one or more arbitrators. See FINRA Rules 12100(u) and 13100(s). Unless otherwise specified, FINRA uses the term “panel” to mean either a panel or single arbitrator.

support for the Proposal.⁴ These commenters also expressed concerns with certain aspects of the Proposal and suggested modifications. SIFMA, AdvisorLaw, Hennion, several financial advisors and one securities attorney opposed the Proposal.⁵ A number of other commenters expressed concerns with aspects of the Proposal and suggested modifications.⁶ The remaining comments were outside the scope of the Proposal.⁷

FINRA is submitting by separate letter its response to comments on the Proposal contemporaneously with this Partial Amendment No. 1. As discussed in FINRA's response to comments, FINRA has determined to make the following amendments to the Proposal.

A. Customer Attendance and Participation

The Proposal would encourage customers to attend and participate in an expungement hearing.⁸ NASAA expressed support for "those parts of the [Proposal] designed to facilitate attendance and participation," and suggested amending the Proposal to clarify that "customers would have the opportunity and ability to participate in all aspects of the hearing." FINRA intended for the Proposal to provide that customers would have the opportunity and ability to participate in all aspects of the hearing. Accordingly, FINRA has determined to amend proposed Rules 12805(c)(3)(A) and 13805(c)(3)(A) to state that all customers whose customer arbitrations, civil litigations or customer complaints are a subject of the expungement request are entitled to attend and participate *in all aspects of* the prehearing conferences and the expungement hearing.⁹

B. No Evidentiary Weight Given to Non-Participation of a Customer or Authorized Representative

The Proposal would prohibit the panel from considering a decision of a customer or an authorized representative not to attend or participate in the expungement hearing in a straight-in request as material to the determination of whether expungement is appropriate.¹⁰

NASAA agreed with the position that a "decision by a customer or [authorized] representative not to participate in an expungement hearing should not be given any

evidentiary weight.”¹¹ Therefore, NASAA suggested amending the Proposal “to state clearly that arbitrators must give no weight to such decisions.” FINRA agrees that a customer’s or an authorized representative’s decision not to attend or participate should not be given any evidentiary weight by the panel when making the expungement determination, and that the Proposal could be strengthened to clarify this position. Accordingly, FINRA is proposing to amend proposed Rules 12805(c)(8)(C) and 13805(c)(9)(C) to state that a panel shall not give any evidentiary weight to a decision by a customer or an authorized representative not to attend or participate in an expungement hearing when making a determination of whether expungement is appropriate.

C. Finding of Liability in Customer Arbitration

St. John’s suggested that associated persons “be prohibited from seeking expungement if there has been a finding of liability in the underlying [(i.e., customer)] arbitration.” Arbitration awards are final and binding unless vacated based on the limited grounds set forth in applicable state or federal statutes. Thus, if an associated person is found liable in a customer arbitration, FINRA considers the associated person legally bound by the award and the Director will decline the use of the FINRA arbitration forum if the associated person then requests expungement of customer dispute information that is associated with the customer arbitration in which the associated person was found liable. FINRA considers such expungement requests a collateral attack on the binding arbitration award. A collateral attack is not contemplated under FINRA rules and is contrary to FINRA’s Codes of Arbitration Procedure.¹² The only avenue for challenging a prior adverse arbitration award is to file a timely motion with an appropriate court to vacate, modify or correct the award. Accordingly, FINRA has determined to amend the Proposal to provide that an associated person shall not file a claim requesting expungement of customer dispute information from the CRD system if the customer dispute information is associated with a customer arbitration or civil litigation in which a panel or court of competent jurisdiction previously found the associated person liable.¹³

D. Technical Changes

FINRA recently updated the Codes to make technical, non-substantive changes to remove references to the Neutral List Selection System from those rules describing arbitrator list selection and instead refer to the “list selection algorithm.”¹⁴ FINRA would amend proposed Rules 13806(b)(1), (b)(3) and (b)(4) to make conforming changes.
