

GASB Accounting Support Fee

2023 GASB Accounting Support Fee to Fund the Governmental Accounting Standards Board

Summary

In February 2012, pursuant to an SEC order, FINRA established an accounting support fee (GASB Accounting Support Fee) to adequately fund the annual budget of the Governmental Accounting Standards Board (GASB). The GASB Accounting Support Fee is collected on a quarterly basis from member firms that report trades to the Municipal Securities Rulemaking Board (MSRB). Each member firm's assessment is based on its portion of the total par value of municipal securities transactions reported by all FINRA member firms to the MSRB during the previous quarter. FINRA will assess and collect a total of \$14,403,500 to adequately fund GASB's annual budget by collecting \$3,600,875 from its member firms each calendar quarter beginning in April 2023.

Background & Discussion

Pursuant to Section 14 of Schedule A to FINRA's By-Laws, which was adopted in response to the SEC's 2011 order under Section 19(g) of the Securities Act of 1933 (Securities Act),¹ FINRA assesses a reasonable annual accounting support fee to adequately fund the annual budget of GASB.² The GASB Accounting Support Fee is assessed on a quarterly basis and is based on member firms' municipal securities trading volume reported to the MSRB during the previous calendar quarter.

Each quarter, FINRA collects one-fourth of the annual GASB Accounting Support Fee from its member firms. A firm's quarterly assessment reflects its portion of the total par value of municipal securities transactions reported to the MSRB by all FINRA members in the previous calendar quarter. To exclude firms with *de minimis* transactions in municipal securities in a given quarter from being assessed the fee, firms with a quarterly assessment of less than \$25 are not charged

the fee for that quarter, and any amounts originally assessed to those firms are reallocated among the firms with an assessment that quarter of \$25 or more. Firms that do not engage in reportable municipal securities transactions during a particular calendar quarter are not subject to the GASB Accounting Support Fee for that quarter.

For 2023, GASB's annual budget expenses of \$15,592,800 will be partially funded from \$1,189,300 of excess reserves of the Financial Accounting Foundation. As a result, the recoverable annual budgeted expense for purposes of the GASB Accounting Support Fee is \$14,403,500;³ therefore, FINRA will collect \$3,600,875 from its member firms each quarter beginning in April 2023.⁴

Because some firms may seek to pass the GASB Accounting Support Fee onto customers engaged in municipal securities transactions, FINRA will continue to provide an estimated fee rate (per \$1,000 par value) based on the GASB recoverable annual budgeted expenses reported to FINRA for that year, as well as historical municipal security trade reporting volumes so that firms will have a basis on which to establish a fee. Based on reported municipal trading activity by FINRA member firms in 2022 and the 2023 GASB budget, FINRA estimates that the GASB Accounting Support Fee for 2023 will be between \$0.0038 and \$0.0049 per \$1,000 par value.

Firms are reminded that if they choose to pass along the fee, they must ensure any such fees are properly disclosed, including (if applicable) that the fee is an estimate and that the firm ultimately may pay more or less than the fee charged to the customer. In addition, any disclosure used by a firm cannot be misleading and must conform to FINRA rules, including just and equitable principles of trade, as well as any applicable MSRB rules.
