Introduction

You may have an IAR CE requirement due to one of three scenarios.

1. You are currently a registered IAR in a state that has adopted the North American Securities Administrators Association (NASAA)'s IAR CE model rule.
2. You were previously registered as an IAR for all or part of a year in a jurisdiction that adopted NASAA's IAR CE model rule.
3. You enrolled in [NASAA's IAR Exam Validity Extension Program \(IAR EVEP\)](#) to extend the validity of your IAR qualification exam for a period up to five years after your registration is terminated.

IAR CE Jurisdiction Adoption

Follow the link above to review the current list of jurisdictions that have adopted NASAA's IAR CE model rule.

Once you are part of the IAR CE program, you will need to attain 12 CE credits annually. The 12 credits must include six Products and Practice credits and six Ethics and Professional Responsibility credits.

Courses are available through any of NASAA's approved course providers. For a list of IAR CE course providers, please visit [NASAA's Approved IAR CE Providers page](#).

Review Your IAR CE Status

Access FinPro Gateway

You can review your IAR CE status and CE history in your Financial Professional Gateway (FinPro Gateway™) account. Instructions to create a FinPro Gateway account are available in the [Creating a FinPro Gateway Account user guide](#).

If you have logged into FinPro Gateway before, you can navigate directly to the [FinPro Gateway login](#) page.

Review Your IAR CE Status

If you have an IAR CE requirement, your status will be displayed on the dashboard account landing page in the **Continuing Education Program Status** section on the right. You will also see your IAR CE reminder in the **My Tasks** list if your IAR CE status is one of the following:

- Required
- CE Inactive
- Failed to Renew
- Termed

Reg Element CE Not Required

MOP May Be Eligible until 04/22/2027

AG EVER May Be Eligible until 05/01/2027

IAR CE Required by 12/31/2025

Review Completed IAR CE Courses

Completed IAR CE courses that are reported to FINRA by the course provider will display on the **My Continuing Education** page in the **Continuing Education Details** section. Courses completed for the current year will display on the **Current CE** tab and courses applied to prior years will display on the **CE History** tab.

Current CE

The **Current CE** tab displays the current year and any IAR CE year that is incomplete because it is still required. In the example below, the individual completed six Products and Practice credits in 2023, and no other course completions have been reported to FINRA.

Annual Regulatory Element CE 4 out of 4 complete Complete

Investment Adviser Representative CE (IAR CE) 6.0 out of 12.0 credits complete Incomplete

Complete the annual IAR Continuing Education requirements with a [NASAA-approved provider](#) to maintain your IAR registration and eligibility for IAR EVER. The annual IAR CE requirement consists of 6 Ethics and Professional Responsibility credits and 6 Products and Practice credits. For more information and [FAQs](#), please visit the [NASAA website](#). [VIEW PROGRAM DETAILS](#)

2023 Courses (1)	Course Provider	Course ID	Completion Date	# of credits	Credit Type
Regulatory Element	FINRA	RECELEMENT 2023	03/14/2025	6.0	Products & Practice

As courses are completed and reported to FINRA, the system applies them towards the earliest year with a deficiency on the **Current CE** tab. In the example above, any new Ethics and Professional

Responsibility courses will be applied toward the 2023 IAR CE requirement first, while any new Products and Practice credits will be applied toward the 2024 IAR CE requirement.

Courses assigned zero credits will have an information icon to provide details. Hover your mouse over the icon to view the details. The most common reasons a course will have zero credits applied are either the IAR has already taken the course or the credit type has already been satisfied. Courses are identified by a Course ID and IARs can only receive credit for a course one time. The annual requirement is six credits of Ethics and Professional Responsibility and six credits of Products and Practice. If more than six credits of a credit type are taken for a single year, the courses will show a zero credit. Courses cannot be carried forward.

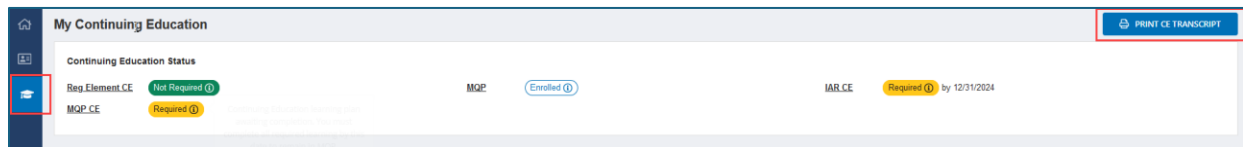

Investment Adviser Representative CE (IAR CE)

2025 Courses (5)	Course Provider	Course ID	Completion Date	# of credits	Credit Type
			07/24/2025	2.0	Ethics & Professional Responsibility
			07/24/2025	1.5	Ethics & Professional Responsibility
			07/09/2025	0.0	Because you have previously completed this course, credits have already been applied.
			07/09/2025	0.0	
Regulatory Element	FINRA	REGELEMENT (2025)	07/09/2025	6.0	Products & Practice

CE History

The **CE History** tab will contain each completed IAR CE year with the total of 12 credits (six Products and Practice credits plus six Ethics and Professional Responsibility credits).

Print CE Transcript

The **PRINT CE TRANSCRIPT** button is available at the top right of the **My CE** page.

Select the program(s) you want to include in your printout from the pop-up box that opens after selecting the **PRINT CE TRANSCRIPT** button.

A pop-up box titled 'Print Sections' with a close button (X) in the top right corner. The box contains the text 'Select sections to be printed:' followed by three checkboxes: 'Annual Regulatory Element CE', 'MQP CE', and 'IAR CE'. The 'IAR CE' checkbox is checked. There are two buttons at the bottom: 'CANCEL' and 'PRINT'. Above the checkboxes, there are links for 'Select All' and 'Clear All'.

A PDF will open to allow you to send it to a printer or to save the file on your computer.

Apply Regulatory Element CE toward IAR CE

After completing your annual FINRA Regulatory Element CE, or your annual Maintaining Qualifications Program (MQP) Learning Plan, you may be able to pay a fee to apply this toward your annual IAR CE requirement as six Products and Practice credits.

FINRA member firms may opt in to pay the fee on your behalf which will automatically apply Regulatory Element CE as 6 Products and Practice IAR CE credits. As long as you complete your CE Regulatory Element courses after your firm opted in to this program, the system will automatically apply the credits toward IAR CE and charge the firm.

If you are responsible for your fee, the system will indicate that you are eligible to receive six credits for IAR CE for a fee.

Program Info Payment

About the Program

NASAA will accept the securities industry CE Regulatory Element as an equivalent of the Products and Practice module of the IAR CE requirement.

Payment Terms for Individuals Paying by Credit Card or ACH

THIS PAYMENT AGREEMENT ("AGREEMENT") IS A LEGAL CONTRACT BETWEEN YOU AND THE FINANCIAL INDUSTRY REGULATORY AUTHORITY, INC. ("FINRA") AND SETS FORTH THE TERMS AND CONDITIONS GOVERNING THE PAYMENT FOR THE INVESTMENT ADVISER REGISTRATION CONTINUING EDUCATION (IAR CE) PROGRAM BY CREDIT CARD OR AUTOMATED CLEARING HOUSE (ACH). BY CLICKING THE "AGREE" BUTTON AT THE END OF THIS AGREEMENT YOU ACKNOWLEDGE THAT YOU ACCEPT THE TERMS OF THIS AGREEMENT.

The fee to apply Regulatory Element to IAR CE for six credits of Products and Practice is nonrefundable and not transferable to another individual or entity. Partial payments for less than six credits will not be accepted. You must follow all FINRA procedures related to these forms of payment.

Investment Adviser Representative CE (IAR CE)

Description
 Investment adviser representatives registered with a jurisdiction that has adopted the NASAA IAR CE model rule are subject to its continuing education requirements. IARs are free to select courses that appeal to their interests and business models so long as the courses meet the annual credit requirements and are approved under the IAR CE program.

Why Is It Important
 If you are registered in a participating jurisdiction, you will need to complete CE credits with an approved IAR CE provider to maintain your IAR registration in that jurisdiction. Also, your requirement to complete annual IAR CE does not end after your registration in an IAR CE jurisdiction is terminated. For more information, see [NASAA's IAR CE FAQs](#).

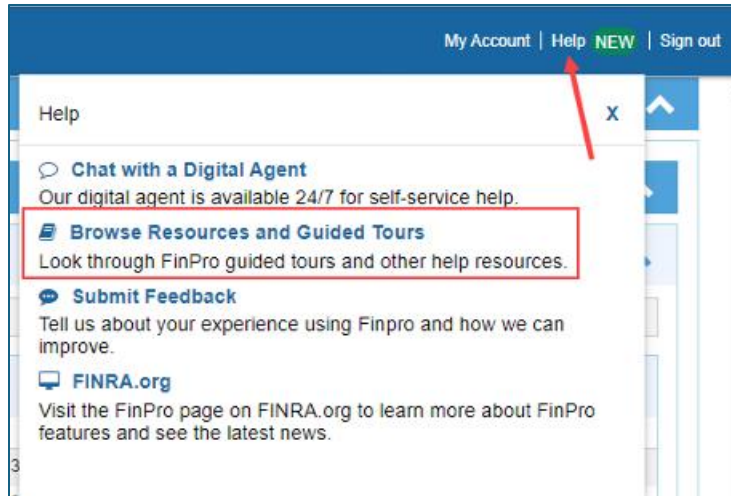

What Do I Need to Do
 Unless the IAR's employer provides different internal guidance, the IAR can select a provider from [NASAA's Approved Provider list](#). Then, the IAR should select courses that meet the IAR CE requirements: 6 credits of Ethics and Professional Responsibility coursework and 6 credits of Products and Practice coursework. FinPro allows you to self-monitor your IAR CE completion, review your IAR CE transcript, or view your IAR CE requirement status. [Find an IAR CE provider at NASAA.org](#).

What Happens If I Miss the CE Completion Deadline

Courses must be taken through an approved IAR CE provider. Please note, both the provider and the course must be approved for IAR CE credit. The course provider is responsible for submitting completed course information directly to FINRA to post the course and credits to your IAR CE transcript.

Feedback and Support

Once you are logged into FinPro Gateway, you can access help documentation through the **Browse Resources and Guided Tours** option available in the **Help** menu.

Contact NASAA staff at IARCE@nasaa.org with any additional questions and feedback about the program.
