Candidate Biography and Personal Statement *(3,000 character limit - approximately 500 words)*

have worked in the broker dealer industry for 25+ years and also have extensive experience in private/hybrid/evergreen funds. I think my background both in legal and on the business side will allow me to provide valuable insight to other member firms as the "retailization" of private funds continues to grow. Please see bio via LinkedIn link below. I have also commented on many recent FINRA proposals and requests for feedback as well as on prior rule proposals (and have been cited by FINRA/the SEC on several occasions in connection with making substantive changes to their proposals).
