Dear sir or madam

Please please dont be just another do nothing government agency. The world is watching. Wall street is corrupt you know it I know it the world knows. This needs to be a water shed moment, be on the right side of history. Do what is right and let the chips fall where they may. Have the courage to fight the good fight. Be the person your parents raised you to be, make them proud make America Proud together we can change things for the good of all, not just the rich. They have held all the cards for far to long.

Thank you
