SECURITIES AND EXCHANGE COMMISSION

Washington, D.C.

Form 19b-4

Proposed Rule Change

by

NATIONAL ASSOCIATION OF SECURITIES DEALERS, INC.

Pursuant to Rule 19b-4 under the
Securities Exchange Act of 1934

1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), the National Association of Securities Dealers, Inc. ("NASD") is filing with the Securities and Exchange Commission ("SEC" or "Commission") a proposed rule change to amend Section 9 of Schedule A of the NASD By-Laws ("Section 9") to: (1) delete current Section 9 regarding subscription charges for Firm Access Query System (FAQS); and (2) establish subscription charges for NASD member firms that choose to use Web CRD Electronic File Transfer system for registration batch filing and/or data download. Below is the text of the proposed rule change. Proposed new language is underlined; proposed deletions are in brackets.

Section 9 - Subscription Charges for [Firm Access Query System (FAQS)] Registration Batch Filing/Data Download Via the Web CRD Electronic File Transfer (EFT) System

(a) Each firm electing to subscribe to the [Firm Access Query System (FAQS)] Web CRD Electronic File Transfer (EFT) System for registration batch filing and/or data download will be assessed [a user fee consisting of three components (1) a monthly data base access charge, (2) an hourly usage fee, and (3) a charge per 1,000 characters ("kilocharacter") of information sent or received.] an annual subscription fee based on the type of service that the firm uses. The fee schedule to be paid by each firm is as follows:

(1) [Monthly Data Base Access Charge -- \$70.00] Data Download -- \$1,800.00

(2) [Hourly Usage Charge -- \$70.00 per hour; and] Form Filing -- \$3,600.00

(3) [Kilocharacter Transmission Charge -- \$0.70] Data Download and Form Filing
-- \$4,800.00

[Each firm which subscribes to the service will provide its own terminal and modem.]

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

(a) The proposed rule change was approved by the Board of Governors of NASD at its meeting on November 21, 2002, which authorized the filing of the rule change with the Commission. Counsel for The Nasdaq Stock Market and NASD Dispute Resolution have been provided an opportunity to consult with respect to the proposed rule change, pursuant to the Plan of Allocation and Delegation of Functions by NASD to its Subsidiaries. No other action by NASD is necessary for the filing of the proposed rule change. Section 1(a)(ii) of Article VII of the NASD By-Laws permits the NASD Board of Governors to adopt NASD Rules without recourse to the membership for approval.

(b) Questions regarding this rule filing may be directed to Shirley Weiss, Associate General Counsel, Office of General Counsel, Regulatory Policy and Oversight, at (202) 728-8844.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the proposed rule change is to amend Section 9 of Schedule A to the NASD By-Laws by deleting the Firm Access Query System (FAQS) subscription charges¹ and, in its place, establishing a yearly subscription charge for NASD member firms that choose to use a new secure web-based electronic file transfer application ("Web EFT") to submit multiple Form U-4 and Form U-5 filings in a single transaction to the CRD or IARD systems (hereinafter referred to as "batch filing") or to download member firm data and processing results from the CRD or IARD systems.

Although NASD retired the legacy CRD system and the FAQS functionality in 1999, it did not retire a legacy electronic filing transfer ("Legacy EFT") application. Legacy EFT gives participating firms the ability to interface electronically with the CRD system to (1) submit "batch" filings and (2) download registration data and accounting reports on a regular basis. Legacy EFT, which is based on older technology that provides limited batch filing and data download capabilities, is currently available to NASD members that choose to submit form filings and download data via a dedicated (modem) line established by the firm.

¹ The FAQS functionality enabled members to enter non-disclosure-related amendments to the Form U-4, and full terminations (with or without disclosure) or partial terminations via the Form U-5 directly onto the legacy CRD system via a dedicated (modem) line established by the member. Upon implementation of the Web CRD system in August 1999, NASD retired the legacy CRD system (which relied primarily on hard copy filing of uniform registration forms that were data-entered upon receipt) and the FAQS functionality. Since the implementation of Web CRD, members use the Internet as their primary method of filing forms into the CRD system.

In the first quarter of 2003, NASD plans to introduce Web EFT, a state-of-the-art application that will replace the current Legacy EFT.² Web EFT will allow NASD firms to interface with NASD systems in an automated manner to submit batch filings to NASD and/or to download registration data (i.e., firm data and processing results from Web CRD or IARD). Web-based form filing (on a single transaction basis) will remain available through Web CRD and IARD; therefore, member firms will not be required to use Web EFT.

Member firms that elect to use the new Web EFT application will be charged a fee based on whether they choose to use the data download or form filing functionalities, or both. NASD is proposing annual subscription fees of \$1,800 per year for data downloading; \$3,600.00 per year for form filing; and \$4,800.00 per year for data downloading and form filing. The proposed fees would be effective upon full deployment of Web EFT, currently scheduled for March 24, 2003.³ The proposed fees are designed to recover the cost of developing and operating registration-related batch filing and data downloads via Web EFT.

Web EFT will benefit NASD and member firms by eliminating the costs and risks associated with maintaining Legacy EFT, enhancing security, and increasing efficiencies through the expanded batch filing and data download options that will be available. Further, the proposed Web EFT application and accompanying infrastructure will give firms a more secure interface to NASD systems, and it will enable firms that use the registration batch filing service to submit in batches additional filing types not currently available through the legacy system.⁴ For example,

² NASD plans to deploy the Web EFT application in the first quarter of 2003, but it does not plan to retire the Legacy EFT application until the third quarter of 2003. This will give firms time to test and convert to Web EFT.

³ Details on how a firm can sign up for Web EFT, payment schedules, and additional information on Web EFT are available on NASD's web site at http://www.nasdr.com/3400_eft.asp.

the new application will enable firms to batch file all forms for registered persons and all filings for non-registered personnel who are required to be fingerprinted. As with Legacy EFT, firms will not be able to submit filings that include Disclosure Reporting Pages ("DRPs"). The new application will also enable firms to download more reports than are currently available to firms through Legacy EFT.

Web EFT should be especially attractive to larger member firms that process high volumes of filings (e.g., office of employment address changes for large numbers of registered individuals when there is a branch relocation), or that wish to download from Web CRD or IARD large amounts of data on their registered persons (e.g., to obtain a download of exam results for registered persons at the firm for a specified period) to populate their own internal systems. In this regard, large member firms that maintain such internal systems have expressed a desire for a more robust EFT application to support registration transactions because of the efficiencies it will provide them, including the elimination of duplicative data entry.

(b) Statutory Basis

NASD believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act, which requires, among other things, that NASD's rules provide for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility or system that NASD operates or controls. NASD believes that the proposed subscription charges are reasonable fees that fairly reflect the benefit to be gained by members from using a secure Web-based EFT application to submit batch filings in a single transaction or to download member firm data and processing results from Web CRD or IARD.

⁴ Web EFT will add six additional filing types that were not available in Legacy EFT.

4. Self-Regulatory Organization's Statement on Burden on Competition

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3)

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act and paragraph (f)(2) of Rule 19b-4 thereunder,⁵ in that the proposed rule change establishes or changes a due, fee, or other charge. The fee becomes operative on March 24, 2003.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

9. Exhibits

1. Completed notice of proposed rule change for publication in the Federal Register.

⁵ 17 CFR 240.19b-4(f)(2).

Pursuant to the requirements of the Securities Exchange Act of 1934, NASD has duly caused this filing to be signed on its behalf by the undersigned thereunto duly authorized.

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-NASD-2003-018)

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by National Association of Securities Dealers, Inc. Relating to a Proposed Rule Change to Section 9 of Schedule A to the NASD By-Laws

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 11, 2003, the National Association of Securities Dealers, Inc. ("NASD"), filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASD. NASD has designated the proposed rule change as "establishing or changing a due, fee, or other charge" under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. SELF-REGULATORY ORGANIZATION'S STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

NASD is proposing to amend Section 9, Schedule A of the By-Laws of NASD to implement a fee schedule for NASD member firms that choose to use a secure Web-based electronic file transfer application to submit to the CRD or IARD systems multiple form filings in a single transaction or to download member firm data and processing results from Web CRD or

II. SELF-REGULATORY ORGANIZATION'S STATEMENT OF THE PURPOSE OF, AND STATUTORY BASIS FOR, THE PROPOSED RULE CHANGE

In its filing with the Commission, NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASD has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the proposed rule change is to amend Section 9 of Schedule A to the NASD By-Laws by deleting the Firm Access Query System (FAQS) subscription charges⁵ and, in its place, establishing a yearly subscription charge for NASD member firms that choose to use a new secure web-based electronic file transfer application ("Web EFT") to submit multiple Form U-4 and Form U-5 filings in a single transaction to the CRD or IARD systems (hereinafter referred to as "batch filing") or to download member firm data and processing results from the CRD or IARD systems.

Although NASD retired the legacy CRD system and the FAQS functionality in 1999, it did not retire a legacy electronic filing transfer ("Legacy EFT") application. Legacy EFT gives

⁵ The FAQS functionality enabled members to enter non-disclosure-related amendments to the Form U-4, and full terminations (with or without disclosure) or partial terminations via the Form U-5 directly onto the legacy CRD system via a dedicated (modem) line established by the member. Upon implementation of the Web CRD system in August 1999, NASD retired the legacy CRD system (which relied primarily on hard copy filing of uniform registration forms that were data-entered upon receipt) and the FAQS functionality. participating firms the ability to interface electronically with the CRD system to (1) submit "batch" filings and (2) download registration data and accounting reports on a regular basis. Legacy EFT, which is based on older technology that provides limited batch filing and data download capabilities, is currently available to NASD members that choose to submit form filings and download data via a dedicated (modem) line established by the firm.

In the first quarter of 2003, NASD plans to introduce Web EFT, a state-of-the-art application that will replace the current Legacy EFT.⁶ Web EFT will allow NASD firms to interface with NASD systems in an automated manner to submit batch filings to NASD and/or to download registration data (i.e., firm data and processing results from Web CRD or IARD). Web-based form filing (on a single transaction basis) will remain available through Web CRD and IARD; therefore, member firms will not be required to use Web EFT.

Member firms that elect to use the new Web EFT application will be charged a fee based on whether they choose to use the data download or form filing functionalities, or both. NASD is proposing annual subscription fees of \$1,800 per year for data downloading; \$3,600.00 per year for form filing; and \$4,800.00 per year for data downloading and form filing. The proposed fees would be effective upon full deployment of Web EFT, currently scheduled for March 24, 2003.⁷ The proposed fees are designed to recover the cost of developing and operating registration-related batch filing and data downloads via Web EFT.

Web EFT will benefit NASD and member firms by eliminating the costs and risks associated with maintaining Legacy EFT, enhancing security, and increasing efficiencies through

the expanded batch filing and data download options that will be available. Further, the proposed Web EFT application and accompanying infrastructure will give firms a more secure interface to NASD systems, and it will enable firms that use the registration batch filing service to submit in batches additional filing types not currently available through the legacy system.⁸ For example, the new application will enable firms to batch file all forms for registered persons and all filings for non-registered personnel who are required to be fingerprinted. As with Legacy EFT, firms will not be able to submit filings that include Disclosure Reporting Pages ("DRPs"). The new application will also enable firms to download more reports than are currently available to firms through Legacy EFT.

In this regard, large member firms that maintain such internal systems have expressed a desire for a more robust EFT application to support registration transactions because of the efficiencies it will provide them, including the elimination of duplicative data entry.

(b) Statutory Basis

NASD believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act, which requires, among other things, that NASD's rules provide for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility or system that NASD operates or controls. the proposed subscription charges are reasonable fees that fairly reflect the benefit to be gained by members from using a secure Web-based EFT application to submit batch filings in a single transaction or to download member firm data and processing results from Web CRD or IARD.

(B) Self-Regulatory Organization's Statement on Burden on Competition

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. DATE OF EFFECTIVENESS OF THE PROPOSED RULE CHANGE AND TIMING FOR COMMISSION ACTION

NASD has designated the proposed rule change as "establishing or changing a due, fee, or other charge" under Section 19(b)(3)(A)(ii) of the Act⁹ and Rule 19b-4(f)(2) thereunder,¹⁰ which renders the proposal effective upon receipt of this filing by the Commission. The fee becomes operative on March 24, 2003.

At any time within 60 days of this filing, the Commission may summarily abrogate this proposal if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. SOLICITATION OF COMMENTS

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary,
