The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(3) of the Securities Exchange Act of 1934 (“Act”),¹ the National Association of Securities Dealers, Inc. (“NASD”) is filing with the Securities and Exchange Commission (“SEC” or “Commission”) revisions to the study outline and selection specifications for the Limited Principal – Registered Options (Series 4) examination program.² The proposed revisions update the material to reflect changes to the laws, rules, and regulations covered by the examination. NASD is not proposing any textual changes to the By-Laws, Schedules to the By-Laws, or Rules of NASD.

The revised study outline is attached. However, NASD has omitted the Series 4 selection specifications from this filing and has submitted the specifications under separate cover to the Commission with a request for confidential treatment pursuant to Rule 24b-2 under the Act.³

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

¹ 15 U.S.C. 78s(b)(3).

² NASD also is proposing corresponding revisions to the Series 4 question bank, but based upon instruction from the Commission staff, NASD is submitting SR-NASD-2005-025 for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(1) thereunder, and is not filing the question bank for Commission review. See Letter to Alden S. Adkins, Senior Vice President and General Counsel, NASD Regulation, from Belinda Blaine, Associate Director, Division of Market Regulation, SEC, dated July 24, 2000. The question bank is available for Commission review.

³ 17 CFR 240.24b-2.

The proposed revisions to the Series 4 examination program were developed by an industry committee and NASD staff. At its meeting on January 24, 2001, the Board of Directors of NASD Regulation, Inc. authorized the staff to propose modifications to examination programs, including study outlines, examination specifications, and question banks, and to file the proposed modifications with the Commission, without obtaining further or specific authorization from the Board of Directors of NASD Regulation, Inc. The Board of Governors of NASD had an opportunity to review that action at its meeting on January 25, 2001. Further, counsel for The Nasdaq Stock Market, Inc. and NASD Dispute Resolution, Inc. were provided an opportunity to consult with respect to that action. No other action by NASD is necessary for the filing of the proposed rule change.

As further discussed below, NASD is filing the proposed rule change for immediate effectiveness. NASD proposes to implement the Series 4 examination program no later than April 29, 2005. NASD will announce the proposed rule change and the implementation date in a Notice to Members to be published no later than 60 days after SEC Notice of this filing.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

Pursuant to Section 15A(g)(3) of the Act,⁴ which requires NASD to prescribe standards of training, experience, and competence for persons associated with NASD members, NASD has developed examinations, and administers examinations developed by other self-regulatory organizations ("SROs"), that are designed to establish that

⁴ 15 U.S.C. 78o-3(g)(3).

persons associated with NASD members have attained specified levels of competence and knowledge. NASD periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

NASD Rule 1022(f) states that member firms engaged in, or intending to engage in, transactions in security futures or put or call options with the public must have at least one Registered Options and Security Futures Principal. In addition, every individual engaged in the management of the day-to-day options or security futures activities of a firm must be registered as a Registered Options and Security Futures Principal. The Series 4 examination, an industry-wide examination, qualifies an individual to function as a Registered Options and Security Futures Principal, but only for purposes of supervising a member firm's options activities.⁵ The Series 4 examination tests a candidate's knowledge of options trading generally, the NASD rules applicable to trading of option contracts, and the rules of registered clearing agencies for options. The Series 4 examination covers, among other things, equity options, foreign currency options, index options, and options on government and mortgage-backed securities.

The Series 4 examination program is shared by NASD and the following SROs: the American Stock Exchange LLC ("AMEX"), the Chicago Board Options Exchange, Incorporated ("CBOE"), the New York Stock Exchange, Inc. ("NYSE"), the Pacific Exchange, Inc. ("PCX"), and the Philadelphia Stock Exchange, Inc. ("PHLX"). As noted

⁵ A Registered Options and Security Futures Principal also must complete a firm-

below, NASD understands that the other SROs also will file with the Commission similar revisions to the Series 4 examination program.

A committee of industry representatives, together with the staff of NASD and the SROs, recently undertook a periodic review of the Series 4 examination program. As a result of this review and as part of an ongoing effort to align the examination more closely to the supervisory duties of a Series 4 principal, NASD is proposing to modify the content of the examination to track the functional workflow of a Series 4 principal. More specifically, NASD is proposing to revise the main section headings and the number of questions on each section of the Series 4 study outline as follows: Options Investment Strategies, decreased from 35 to 34 questions; Supervision of Sales Activities and Trading Practices, increased from 71 to 75 questions; and Supervision of Employees, Business Conduct, and Recordkeeping and Reporting Requirements, decreased from 19 to 16 questions. NASD is further proposing revisions to the study outline to reflect the new SEC short sale requirements. The revised examination continues to cover the areas of knowledge required to supervise options activities.

NASD is proposing similar changes to the corresponding sections of the Series 4 selection specifications and question bank. The number of questions on the Series 4 examination will remain at 125, and candidates will have three hours to complete the exam. Also, each candidate must correctly answer 70 percent of the questions to receive a passing grade.

(b) Statutory Basis

element continuing education program that addresses security futures and a principal's responsibilities for security futures before such person can supervise

NASD believes that the proposed revisions to the Series 4 examination program are consistent with the provisions of Sections 15A(b)(6)⁶ and 15A(g)(3) of the Act,⁷ which authorize NASD to prescribe standards of training, experience, and competence for persons associated with NASD members.

4. Self-Regulatory Organization's Statement on Burden on Competition

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(i) of the Act⁸ and Rule 19b-4(f)(1) thereunder,⁹ in that the proposed rule change constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule of NASD. (Release No. 34- ; File No. SR-NASD-2005-025)
SELF-REGULATORY ORGANIZATIONS

Proposed Rule Change by National Association of Securities Dealers, Inc. Relating to
Revisions to the Series 4 Examination Program

Pursuant to Section 19(b)(3) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on , the National Association of Securities Dealers, Inc. (“NASD”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASD. NASD has designated the proposed rule change as constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule of the self-regulatory organization pursuant to Section 19(b)(3)(A)(i) of the Act³ and Rule 19b-4(f)(1) thereunder,⁴ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

NASD is filing revisions to the study outline and selection specifications for the Limited Principal – Registered Options (Series 4) examination program.⁵ The proposed revisions update the material to reflect changes to the laws, rules, and regulations covered by the examination. NASD is not proposing any textual changes to the By-Laws, Schedules to the By-Laws, or Rules of NASD.

The revised study outline is attached. However, NASD has omitted the Series 4 selection specifications from this filing and has submitted the specifications under separate cover to the Commission with a request for confidential treatment pursuant to Rule 24b-2 under the Act.⁶

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASD has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

⁵ NASD also is proposing corresponding revisions to the Series 4 question bank, but based upon instruction from the Commission staff, NASD is submitting SR-NASD-2005-025 for immediate effectiveness pursuant to Section 19(b)(3)(A)(i) of the Act and Rule 19b-4(f)(1) thereunder, and is not filing the question bank for Commission review. See Letter to Alden S. Adkins, Senior Vice President and General Counsel, NASD Regulation, from Belinda Blaine, Associate Director, Division of Market Regulation, SEC, dated July 24, 2000. The question bank is available for Commission review.

⁶ 17 CFR 240.24b-2.

1. Purpose

Pursuant to Section 15A(g)(3) of the Act,⁷ which requires NASD to prescribe standards of training, experience, and competence for persons associated with NASD members, NASD has developed examinations, and administers examinations developed by other self-regulatory organizations (“SROs”), that are designed to establish that persons associated with NASD members have attained specified levels of competence and knowledge. NASD periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

NASD Rule 1022(f) states that member firms engaged in, or intending to engage in, transactions in security futures or put or call options with the public must have at least one Registered Options and Security Futures Principal. In addition, every individual engaged in the management of the day-to-day options or security futures activities of a firm must be registered as a Registered Options and Security Futures Principal. The Series 4 examination, an industry-wide examination, qualifies an individual to function as a Registered Options and Security Futures Principal, but only for purposes of supervising a member firm’s options activities.⁸ The Series 4 examination tests a candidate’s knowledge of options trading generally, the NASD rules applicable to trading of option contracts, and the rules of registered clearing agencies for options. The Series 4

examination covers, among other things, equity options, foreign currency options, index options, and options on government and mortgage-backed securities.

The Series 4 examination program is shared by NASD and the following SROs: the American Stock Exchange LLC (“AMEX”), the Chicago Board Options Exchange, Incorporated (“CBOE”), the New York Stock Exchange, Inc. (“NYSE”), the Pacific Exchange, Inc. (“PCX”), and the Philadelphia Stock Exchange, Inc. (“PHLX”). NASD understands that the other SROs also will file with the Commission similar revisions to the Series 4 examination program.

A committee of industry representatives, together with the staff of NASD and the SROs, recently undertook a periodic review of the Series 4 examination program. As a result of this review and as part of an ongoing effort to align the examination more closely to the supervisory duties of a Series 4 principal, NASD is proposing to modify the content of the examination to track the functional workflow of a Series 4 principal. More specifically, NASD is proposing to revise the main section headings and the number of questions on each section of the Series 4 study outline as follows: Options Investment Strategies, decreased from 35 to 34 questions; Supervision of Sales Activities and Trading Practices, increased from 71 to 75 questions; and Supervision of Employees, Business Conduct, and Recordkeeping and Reporting Requirements, decreased from 19 to 16 questions. NASD is further proposing revisions to the study outline to reflect the new SEC short sale requirements. The revised examination continues to cover the areas of knowledge required to supervise options activities.

NASD is proposing similar changes to the corresponding sections of the Series 4 selection specifications and question bank. The number of questions on the Series 4

examination will remain at 125, and candidates will have three hours to complete the exam. Also, each candidate must correctly answer 70 percent of the questions to receive a passing grade.

2. Statutory Basis

NASD believes that the proposed revisions to the Series 4 examination program are consistent with the provisions of Sections 15A(b)(6)⁹ and 15A(g)(3) of the Act,¹⁰ which authorize NASD to prescribe standards of training, experience, and competence for persons associated with NASD members.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A)(i) of the Act¹¹ and Rule 19b-4(f)(1) thereunder,¹² in that the proposed rule change

constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule of NASD. NASD proposes to implement the Series 4 examination program no later than April 29, 2005. NASD will announce the implementation date in a Notice to Members to be published no later than 60 days after SEC Notice of this filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASD-2005-025 on the subject line.

Study Outline**

Introduction

The Registered Options Principal (ROP) Qualification Examination is designed to test a candidate's knowledge of the rules and statutory provisions applicable to the supervisory management of a firm's options personnel and options accounts. The study outline delineates the major supervisory functions and the knowledge required to perform those functions. This outline has been prepared to assist member firms in preparing candidates to sit for the examination. The outline is designed for use by course developers in the preparation of training material, for training directors in the development of lecture notes and seminar programs, and for use by the candidates themselves, both to structure their study and as a final review check list prior to sitting for the examination. The Registered Options Principal Qualification Examination and this study outline are composed of three general areas of supervision. These areas are specified below, accompanied by the number of questions that have been assigned to each section.

Section	General Area	Number of Questions
1	Options Investment Strategies	34
2	Supervision of Sales Activities and Trading Practices	75
3	Supervision of Employees, Business Conduct, and Recordkeeping and Reporting Requirements	16
Total		125

Detail on the content of each of these general areas of supervision is included in the text of the study outline that follows.

Structure of the Examination and Grading Procedures

The ROP Examination is composed of 125 multiple-choice questions covering all of the material in the following outline in accordance with the subject-matter distribution shown above. A maximum of 3 hours testing time is allowed for candidates to complete the examination. Each multiple-choice question is worth one point. No credit is given for incorrect answers to these questions. The passing grade is equal to 70% of the total number of questions on the examination. Candidates will be required, therefore, to correctly answer 88 of the 125 questions on the ROP Examination to receive a passing grade. The results will identify the percentage performance of the candidate in each of the three general sections of the examination.

The examination is a closed book test and candidates will not be permitted to use any reference material during their testing session. Severe penalties are imposed on candidates who cheat on securities industry qualification examinations. Scratch paper and basic electronic calculators will be provided to a candidate by the test administrator, but must be returned to the administrator at the end of the testing session.

Questions used in the examination will be updated to reflect the current interpretations of the rules and regulations on which they are based. Questions on new rules will be added to the pool of questions for the examination within a reasonable time period after their effective dates. Questions on rescinded rules will be promptly deleted from the pool of questions. Unless a question is specifically asking about conventional OTC options, all questions should be read and answered as they apply to exchange listed standardized options. Also, unless a question is specifically worded to the contrary, all questions involving calculations exclude commissions and other transactions cost considerations.

The reference materials listed below may be used as a starting point for course developers in preparing training programs. Much of the reference material overlaps topics covered in other references. It is, therefore, not necessary, to obtain each reference listed. In addition, non-member commercial training vendors offer packaged study courses specifically designed for this registration category. These vendors are often listed in local Yellow Page directories and advertise in securities industry periodicals.

This outline is available on the NASD Web Site at www.nasd.com

At the end of the outline there are four sample questions written in the various formats used in the Series 4 test questions. These samples do not reflect the difficulty level of the test questions or the subject-matter distribution of the test itself. Their use is to familiarize candidates with the types of multiple-choice question formats used in the Series 4.
