Act to permit persons that are Affiliated Persons, or Second Tier Affiliates, of the Funds, solely by virtue of certain ownership interests, to effectuate purchases and redemptions in-kind. The deposit procedures for in-kind purchases of Creation Units and the redemption procedures for in-kind redemptions of Creation Units will be the same for all purchases and redemptions and Deposit Instruments and Redemption Instruments will be valued in the same manner as those investment positions currently held by the Funds. Applicants also seek relief from the prohibitions on affiliated transactions in section 17(a) to permit a Fund to sell its shares to and redeem its shares from a Fund of Funds, and to engage in the accompanying in-kind transactions with the Fund of Funds.3

The purchase of Creation Units by a Fund of Funds directly from a Fund will be accomplished in accordance with the policies of the Fund of Funds and will be based on the NAVs of the Funds.

9. Section 6(c) of the Act permits the Commission to exempt any persons or transactions from any provision of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Section 12(d)(1)(J) of the Act provides that the Commission may exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision of section 12(d)(1) if the exemption is consistent with the public interest and the protection of investors. Section 17(b)(1) of the Act authorizes the Commission to grant an order permitting a transaction otherwise prohibited by section 17(a) if it finds that (a) the terms of the proposed transaction are fair and reasonable and do not involve overreaching on the part of any person concerned; (b) the proposed transaction is consistent with the policies of each registered investment company involved; and (c) the proposed transaction is consistent with the general purposes of the Act.

SEcurities and Exchange COMMISSION

Self-Regulatory Organizations;
Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Clarify the Operation of the Regulation NMS Plan To Address Extraordinary Market Volatility

July 28, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)1 and Rule 19b–4 thereunder,2 notice is hereby given that on July 22, 2016, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b–4 under the Act,3 which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to clarify the operation of the Regulation NMS Plan to Address Extraordinary Market Volatility (“Plan”) following a Trading Pause or Regulatory Halt in a security subject to the Plan.4

The text of the proposed rule change is available on FINRA’s Web site at http://www.finra.org, at the principal office of FINRA and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

FINRA Rule 6121.01 (Trading Pauses) (“Rule”) sets forth requirements applicable to member firms in connection with Trading Pauses.5 The Rule addresses the Plan’s provisions regarding Trading Pause, including that no trades in an NMS Stock are permitted to occur during a Trading Pause, and sets forth the circumstances under which trading in an NMS Stock can resume after a Trading Pause. Currently, the Rule also provides that FINRA may permit the resumption of trading otherwise than on an exchange if trading has commenced on at least one other national securities exchange. In addition, FINRA Rule 6190 (Compliance with Regulation NMS Plan to Address Extraordinary Market Volatility) provides, among other things, that a member that is a Trading Center in an NMS Stock must maintain, and enforce written policies and procedures reasonably designed to comply with the requirements of the Plan, including to prevent the execution of trades at prices below the Lower Price Band or above the Upper Price Band for an NMS Stock. The pilot period for the Plan was recently extended through April 21, 2017.6

FINRA and other self-regulatory organizations (SROs) are taking measures to clarify the operation of the Plan that results from the short period of time (generally up to three milliseconds) following the resumption of trading after a Trading Pause or Regulatory Halt and before the Price Bands are received from the Processor for securities that are subject to the

3 The requested relief would apply to direct sales of shares in Creation Units by a Fund to a Fund of Funds and redemptions of those shares. Applicants, moreover, are not seeking relief from section 17(a) for, and the requested relief will not apply to, transactions where a Fund could be deemed an Affiliated Person, or a Second-Tier Affiliate, of a Fund of Funds because an Adviser or an entity controlling, controlled by or under common control with an Adviser provides investment advisory services to that Fund of Funds.

4 Unless otherwise specified, the capitalized terms used herein have the same meanings as set forth in the Plan.

5 17 CFR 242.606.

Plan. Specifically, FINRA is proposing an amendment to Rule 6121.01 to provide that, following a Trading Pause or Regulatory Halt in an NMS Stock that is subject to the Plan, a member may resume trading otherwise than on an exchange if trading has commenced on the primary listing exchange (or on another national securities exchange in the case of the resumption of trading following a ten-minute trading pause) and either: (1) The member has received the Price Bands from the Processor; or (2) if immediately following a Trading Pause or Regulatory Halt the member has not yet received the Price Bands from the Processor, the member has calculated an upper price band and lower price band consistent with the methodology provided for in Section V of the Plan and ensures that any transactions prior to the receipt of the Price Bands from the Processor are within the ranges provided for pursuant to the Plan, consistent with Section VII(A)(1) of the Plan.

The proposed rule change also clarifies what activity is permitted around the resumption of trading following a Trading Pause. Previously, the Rule provided that FINRA may permit the resumption of trading following a Trading Pause if trading has resumed on any national securities exchange. FINRA is revising the Rule to provide that members may resume trading following a Trading Pause if trading has resumed on the Primary Listing Exchange or, where the Primary Listing Exchange does not reopen for trading at the end of a ten-minute Trading Pause (and has issued notice that it cannot resume trading for a reason other than a significant imbalance), a member may resume trading otherwise than on an exchange if trading has commenced in such NMS Stock on or after the Plan.

Thus, the proposed amendment addresses the brief time between the resumption of trading following a Trading Pause or Regulatory Halt and when the Price Bands are received from the Processor by requiring members to take measures to ensure bands are in place (either by waiting for the receipt of the Price Bands from the Processor or calculating an interim upper price band and lower price band and ensuring that trades occur within those bands). Members may not rely on interim bands beyond the short period of time (generally up to three milliseconds) between the resumption of trading and the receipt of Price Bands by market participants.

FINRA has filed the proposed rule change for immediate effectiveness. The operative date of the proposed rule change will be August 22, 2016.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1) of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets.

The proposed rule change is designed to better implement the goals of the Plan, which has been approved by the Commission as reasonably designed to prevent potentially harmful price volatility, including severe volatility of the kind that occurred on May 6, 2010. In clarifying the operation of the Plan, the proposed rule change seeks to help ensure that the goals of the Plan are met. Accordingly, FINRA believes that the proposed rule change will further the goals of investor protection and fair and orderly markets.

B. Self-Regulatory Organization’s Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change seeks to require members to take measures to ensure that their trading activity is in compliance with FINRA Rule 6190 and the Plan, and does not impose requirements that do not currently exist under FINRA rules, FINRA guidance and the Plan.

In the plan, a trading halt in an NMS Stock is not considered to be a Trading Pause or Regulatory Halt.

Specifically, a member that is a Trading Center in an NMS Stock already is required to establish, maintain and enforce written policies and procedures that are reasonably designed to comply with the requirements of the Plan, including to prevent the execution of trades at prices that are outside of the Price Bands. To comply with these requirements, members must be aware of the upper and lower price bands applicable to their trading activity. This proposal provides that, immediately following a halt of a security subject to the Plan, a member may not resume trading until trading has resumed on the primary listing exchange (or on another national securities exchange in the case of the resumption of trading following a ten-minute pause) and either the member has received the Price Bands from the Processor or has established interim bands calculated in compliance with the Plan.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become effective for 30 days after publication in the Federal Register, the Commission is not required to publish a Notice of Proposed Rule Change. The Commission summarized in this release that the proposed rule change is consistent with the Act.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
