1. **Text of the Proposed Rule Change**

   (a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “SEA”), Financial Industry Regulatory Authority, Inc. (“FINRA”) is filing with the Securities and Exchange Commission (“SEC” or “Commission”) revisions to the content outline and selection specifications for the Securities Trader (Series 57) examination as part of the restructuring of the representative-level examination program. In addition, FINRA is proposing to make changes to the format of the content outline. FINRA is not proposing any textual changes to the By-Laws, Schedules to the By-Laws or Rules of FINRA.

   The revised Series 57 content outline is attached. The revised Series 57 selection specifications have been submitted to the Commission under separate cover with a request for confidential treatment pursuant to SEA Rule 24b-2.

   (b) Not applicable.

   (c) Not applicable.

---

2  FINRA also is proposing corresponding revisions to the Series 57 question bank. Based on instruction from SEC staff, FINRA is submitting this filing for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(1) thereunder, and is not filing the question bank. See Letter to Alden S. Adkins, Senior Vice President and General Counsel, NASD Regulation, from Belinda Blaine, Associate Director, Division of Market Regulation, SEC, dated July 24, 2000. The question bank is available for SEC review.

2. **Procedures of the Self-Regulatory Organization**

   At its meeting on December 15, 2015, the FINRA Board of Governors authorized the filing of the proposed rule change with the SEC. No other action by FINRA is necessary for the filing of the proposed rule change.

   As discussed further below, FINRA is filing the proposed rule change for immediate effectiveness. The implementation date will be October 1, 2018, to coincide with the implementation of the restructured representative-level examination program. FINRA will also announce the implementation date of the proposed rule change in a Regulatory Notice.

3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   (a) **Purpose**

   Section 15A(g)(3) of the Act\(^4\) authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. In accordance with that provision, FINRA has developed examinations that are designed to establish that persons associated with FINRA members have attained specified levels of competence and knowledge, consistent with applicable registration requirements under FINRA rules. FINRA periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

The SEC recently approved a proposed rule change to restructure the FINRA representative-level qualification examination program. The rule change, which will become effective on October 1, 2018, restructures the examination program into a new format whereby all new representative-level applicants will be required to take a general knowledge examination (the Securities Industry Essentials or SIE™) and a tailored, specialized knowledge examination (a revised representative-level qualification examination) for their particular registered role.

The restructured program eliminates duplicative testing of general securities knowledge on the current representative-level qualification examinations by moving such content into the SIE examination. The SIE examination will test fundamental securities-related knowledge, including knowledge of basic products, the structure and function of the securities industry, the regulatory agencies and their functions and regulated and prohibited practices, whereas the revised representative-level qualification examinations will test knowledge relevant to day-to-day activities, responsibilities and job functions of representatives.

---

6 See Regulatory Notice 17-30 (SEC Approves Consolidated FINRA Registration Rules, Restructured Representative-Level Qualification Examinations and Changes to Continuing Education Requirements) (October 2017).

7 Each of the current representative-level examinations covers general securities knowledge, with the exception of the Research Analyst (Series 86 and 87) examinations.

8 FINRA filed the SIE content outline with the SEC for immediate effectiveness. See Securities Exchange Act Release No. 82578 (January 24, 2018), 83 FR 4375 (January 30, 2018) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2018-002). In addition to the proposed rule change relating to the revised Series 57 examination, FINRA is filing with the Commission for immediate
As part of the restructuring process and in consultation with a committee of industry representatives, FINRA undertook a review of the Securities Trader (Series 57) examination to remove the general securities knowledge currently covered on the examination and to create a tailored examination to test knowledge relevant to the day-to-day activities, responsibilities and job functions of a Securities Trader. In addition, FINRA is proposing to make changes to the format of the Series 57 content outline.

Beginning on October 1, 2018, new applicants seeking to register as Securities Traders must pass the SIE examination and the revised Securities Trader (Series 57) examination.

**Current Content Outline**

The current Series 57 content outline is divided into four major job functions that are performed by a Securities Trader. The following are the four major job functions, denoted Function 1 through 4, with the associated number of questions:

Function 1: Market Overview and Products, 22 questions;

Function 2: Engaging in Professional Conduct and Adhering to Regulatory Requirements, 12 questions;

Function 3: Trading Activities, 79 questions; and

Function 4: Maintaining Books and Records and Trade Reporting, 12 questions.

Each function also includes specific tasks describing activities associated with performing that function. There are three tasks (1.1 – 1.3) associated with Function 1; two tasks (2.1 – 2.2) associated with Function 2; three tasks (3.1 – 3.3) associated with Function 3; and two tasks (4.1 – 4.2) associated with Function 4. For example, one such effectiveness the content outlines for the other revised representative-level qualification examinations.
task (Task 4.2) relates to creating, retaining, and reporting required records of orders and transactions. Further, the content outline lists the knowledge required to perform each function and associated tasks (e.g., in connection with Task 4.2, large trader ID and related reporting and monitoring requirements and order execution and routing information). In addition, where applicable, the content outline lists the laws, rules and regulations a candidate is expected to know to perform each function and associated tasks. These include applicable federal securities laws, as well as FINRA and other self-regulatory organization rules and regulations. The content outline also includes a preface (e.g., table of contents, details regarding the purpose of the examination and eligibility requirements), sample questions and reference materials.

**Revised Content Outline**

As noted above, FINRA is proposing to move the general securities knowledge currently covered on the Series 57 examination to the SIE examination. For example, FINRA Rule 3220 (Influencing or Rewarding Employees of Others) (the Gifts Rule) will now be tested on the SIE examination, rather than on the Series 57 examination. As a result, the revised Series 57 examination will test knowledge specific to the day-to-day activities, responsibilities and job functions of a Securities Trader.

Further, FINRA is proposing to make changes to the major job functions that are performed by a Securities Trader. The following are the revised job functions, denoted Function 1 and Function 2, with the associated number of questions:

Function 1: Trading Activities, 41 questions; and

Function 2: Maintaining Books and Records, Trade Reporting and Clearance and Settlement, 9 questions.
FINRA also is proposing to adjust the number of questions assigned to each major job function to ensure that the overall examination better reflects the key tasks performed by a Securities Trader. The questions on the revised Series 57 examination will place emphasis on tasks such as trading activities, trade reporting and related books and records.

Further, FINRA is proposing to make changes to the specific tasks associated with performing each function. There are three tasks (1.1 – 1.3) associated with Function 1\(^9\) and three tasks (2.1 – 2.3) associated with Function 2.\(^{10}\) For example, one such task (Task 2.1) is reporting trades to the designated reporting facility.\(^{11}\) The content outline also lists the knowledge required to perform each revised function and associated tasks (e.g., distinctions among reporting facilities). In addition, where applicable, the content outline lists the laws, rules and regulations a candidate is expected to know to perform each revised function and associated tasks (e.g., SEA Rule 13h-1).

FINRA is proposing similar changes to the Series 57 selection specifications and question bank.

Finally, FINRA is proposing to make changes to the format of the content outline, including to the preface, sample questions and reference materials.\(^{12}\) Among other changes, FINRA is proposing to: (1) reduce the preface to one page of introductory information; (2) streamline details regarding the purpose of the examination; (3) move

the application procedures to FINRA’s website; and (4) explain that the passing score is established using a standard setting procedure, and that a statistical adjustment process known as equating is used in scoring the examination.\(^\text{13}\)

As a result of the proposed changes, the number of scored questions on the Series 57 examination will be reduced from 125 questions to 50 questions.\(^\text{14}\) Further, the test time, which is the amount of time candidates will have to complete the examination, will be reduced from three hours and 45 minutes to one hour and 45 minutes. Currently, a score of 70 percent is required to pass the examination. FINRA will publish the passing score of the revised Series 57 examination on its website, at www.finra.org, prior to its first administration.

**Availability of Content Outline**

The current Series 57 content outline is available on FINRA’s website. The revised Series 57 content outline will replace the current content outline on FINRA’s website, and it will be made available on the website on the date of this filing.

FINRA is filing the proposed rule change for immediate effectiveness. The implementation date will be October 1, 2018, to coincide with the implementation of the restructured representative-level examination program. FINRA will also announce the implementation date of the proposed rule change in a **Regulatory Notice**.

\(^{13}\) See Exhibit 3a, Outline Page 2.

\(^{14}\) Consistent with FINRA’s practice of including “pretest” questions on examinations, the Series 57 examination includes five additional, unidentified pretest questions that do not contribute towards the candidate’s score. The pretest questions are designed to ensure that new examination questions meet acceptable testing standards prior to use for scoring purposes. Therefore, the Series 57 examination actually consists of 55 questions, 50 of which are scored. The five pretest questions are randomly distributed throughout the examination.
(b) Statutory Basis

FINRA believes that the proposed revisions to the Series 57 examination program are consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(g)(3) of the Act, which authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. The proposed rule change will improve the examination program, without compromising the qualification standards, by removing the general knowledge content currently covered on the Series 57 examination, since that content will be covered in the co-requisite SIE examination.

4. Self-Regulatory Organization’s Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The updated examination aligns with the functions and associated tasks currently performed by a Securities Trader and tests knowledge of the most current laws, rules, regulations and skills relevant to those functions and associated tasks. As such, the proposed revisions would make the examination more effective. FINRA also provided a detailed economic impact assessment regarding the introduction of the SIE examination and the restructuring of the representative-level examinations as part of the proposed rule

Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)**

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(i) of the Act\(^ {18}\) and Rule 19b-4(f)(1) thereunder,\(^ {19}\) in that the proposed rule change constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule of FINRA. The implementation date will be October 1, 2018, to coincide with the implementation of the restructured representative-level examination program. FINRA will also announce the implementation date of the proposed rule change in a Regulatory Notice.

5 FINRA also is proposing corresponding revisions to the Series 57 question bank. Based on instruction from SEC staff, FINRA is submitting this filing for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(1) thereunder, and is not filing the question bank. See Letter to Alden S. Adkins, Senior Vice President and General Counsel, NASD Regulation, from Belinda Blaine, Associate Director, Division of Market Regulation, SEC, dated July 24, 2000. The question bank is available for SEC review.

Section 15A(g)(3) of the Act\textsuperscript{7} authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. In accordance with that provision, FINRA has developed examinations that are designed to establish that persons associated with FINRA members have attained specified levels of competence and knowledge, consistent with applicable registration requirements under FINRA rules. As part of the restructuring process and in consultation with a committee of industry representatives, FINRA undertook a review of the Securities Trader (Series 57) examination to remove the general securities knowledge currently covered on the examination and to create a tailored examination to test knowledge relevant to the day-to-day activities, responsibilities and job functions of a Securities Trader. In addition, FINRA is proposing to make changes to the format of the Series 57 content outline.

Beginning on October 1, 2018, new applicants seeking to register as Securities Traders must pass the SIE examination and the revised Securities Trader (Series 57) examination.

\textsuperscript{10} Each of the current representative-level examinations covers general securities knowledge, with the exception of the Research Analyst (Series 86 and 87) examinations.

\textsuperscript{11} FINRA filed the SIE content outline with the SEC for immediate effectiveness. See Securities Exchange Act Release No. 82578 (January 24, 2018), 83 FR 4375 (January 30, 2018) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2018-002). In addition to the proposed rule change relating to the revised Series 57 examination, FINRA is filing with the Commission for immediate effectiveness the content outlines for the other revised representative-level qualification examinations.
Current Content Outline

The current Series 57 content outline is divided into four major job functions that are performed by a Securities Trader. The following are the four major job functions, denoted Function 1 through 4, with the associated number of questions:

Function 1: Market Overview and Products, 22 questions;
Function 2: Engaging in Professional Conduct and Adhering to Regulatory Requirements, 12 questions;
Function 3: Trading Activities, 79 questions; and
Function 4: Maintaining Books and Records and Trade Reporting, 12 questions.

Each function also includes specific tasks describing activities associated with performing that function. There are three tasks (1.1 – 1.3) associated with Function 1; two tasks (2.1 – 2.2) associated with Function 2; three tasks (3.1 – 3.3) associated with Function 3; and two tasks (4.1 – 4.2) associated with Function 4. For example, one such task (Task 4.2) relates to creating, retaining, and reporting required records of orders and transactions. Further, the content outline lists the knowledge required to perform each function and associated tasks (e.g., in connection with Task 4.2, large trader ID and related reporting and monitoring requirements and order execution and routing information). In addition, where applicable, the content outline lists the laws, rules and regulations a candidate is expected to know to perform each function and associated tasks. These include applicable federal securities laws, as well as FINRA and other self-regulatory organization rules and regulations. The content outline also includes a preface (e.g., table of contents, details regarding the purpose of the examination and eligibility requirements), sample questions and reference materials.
Revised Content Outline

As noted above, FINRA is proposing to move the general securities knowledge currently covered on the Series 57 examination to the SIE examination. For example, FINRA Rule 3220 (Influencing or Rewarding Employees of Others) (the Gifts Rule) will now be tested on the SIE examination, rather than on the Series 57 examination. As a result, the revised Series 57 examination will test knowledge specific to the day-to-day activities, responsibilities and job functions of a Securities Trader.

Further, FINRA is proposing to make changes to the major job functions that are performed by a Securities Trader. The following are the revised job functions, denoted Function 1 and Function 2, with the associated number of questions:

Function 1: Trading Activities, 41 questions; and
Function 2: Maintaining Books and Records, Trade Reporting and Clearance and Settlement, 9 questions.

FINRA also is proposing to adjust the number of questions assigned to each major job function to ensure that the overall examination better reflects the key tasks performed by a Securities Trader. The questions on the revised Series 57 examination will place emphasis on tasks such as trading activities, trade reporting and related books and records.

Further, FINRA is proposing to make changes to the specific tasks associated with performing each function. There are three tasks (1.1 – 1.3) associated with Function 1 and three tasks (2.1 – 2.3) associated with Function 2. For example, one such task

The content outline also lists the knowledge required to perform each revised function and associated tasks (e.g., distinctions among reporting facilities). In addition, where applicable, the content outline lists the laws, rules and regulations a candidate is expected to know to perform each revised function and associated tasks (e.g., SEA Rule 13h-1).

FINRA is proposing similar changes to the Series 57 selection specifications and question bank.

Finally, FINRA is proposing to make changes to the format of the content outline, including to the preface, sample questions and reference materials. Among other changes, FINRA is proposing to: (1) reduce the preface to one page of introductory information; (2) streamline details regarding the purpose of the examination; (3) move the application procedures to FINRA’s website; and (4) explain that the passing score is established using a standard setting procedure, and that a statistical adjustment process known as equating is used in scoring the examination.

As a result of the proposed changes, the number of scored questions on the Series 57 examination will be reduced from 125 questions to 50 questions. Further, the test

FINRA will publish the passing score of the revised Series 57 examination on its website, at www.finra.org, prior to its first administration.

**Availability of Content Outline**

The current Series 57 content outline is available on FINRA’s website. The revised Series 57 content outline will replace the current content outline on FINRA’s website, and it will be made available on the website on the date of this filing.

FINRA is filing the proposed rule change for immediate effectiveness. The implementation date will be October 1, 2018, to coincide with the implementation of the restructured representative-level examination program. FINRA will also announce the implementation date of the proposed rule change in a Regulatory Notice.

2. **Statutory Basis**

FINRA believes that the proposed revisions to the Series 57 examination program are consistent with the provisions of Section 15A(b)(6) of the Act,\(^\text{18}\) which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(g)(3) of the Act,\(^\text{19}\) which authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. examination program, without compromising the qualification standards, by removing
the general knowledge content currently covered on the Series 57 examination, since that
content will be covered in the co-requisite SIE examination.

B. Self-Regulatory Organization’s Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden
on competition that is not necessary or appropriate in furtherance of the purposes of the
Act. The updated examination aligns with the functions and associated tasks currently
performed by a Securities Trader and tests knowledge of the most current laws, rules,
regulations and skills relevant to those functions and associated tasks. As such, the
proposed revisions would make the examination more effective. FINRA also provided a
detailed economic impact assessment regarding the introduction of the SIE examination
and the restructuring of the representative-level examinations as part of the proposed rule

Securities Trader Qualification Examination (Series 57)
PURPOSE OF THE EXAM
The Series 57 exam is designed to assess the competency of entry-level Securities Traders. The Series 57 exam seeks to measure the degree to which each candidate possesses the knowledge, skills and abilities needed to perform the critical functions of a Securities Trader. In order to obtain registration as a Securities Trader, candidates must pass both the Series 57 exam and a general knowledge co-requisite, the Securities Industry Essentials (SIE) exam. For more information about the activities requiring registration as a Securities Trader, see FINRA Rule 1220(b)(4).

STRUCTURE OF THE EXAM
The exam consists of 50 multiple-choice items, and each item consists of four answer choices. The allocation of exam items for each major function is as follows:

<table>
<thead>
<tr>
<th>Function</th>
<th>Description</th>
<th>Percentage of Exam Items</th>
<th>Number of Items</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Trading Activities</td>
<td>82%</td>
<td>41</td>
</tr>
<tr>
<td>2</td>
<td>Maintaining Books and Records, Trade Reporting and Clearance and Settlement</td>
<td>18%</td>
<td>9</td>
</tr>
<tr>
<td></td>
<td><strong>TOTAL:</strong></td>
<td><strong>100%</strong></td>
<td><strong>50</strong></td>
</tr>
</tbody>
</table>

ADMINISTRATION OF THE EXAM
The exam is administered via computer. A tutorial on how to take the exam is provided prior to taking the exam. Each candidate's exam includes 5 additional, unidentified pretest items that do not contribute toward the candidate's score. The pretest items are randomly distributed throughout the exam. Therefore, each candidate's exam consists of a total of 55 items (50 scored and 5 unscored). There is no penalty for guessing. Therefore, candidates should attempt to answer all items. Candidates will be allowed 1 hour and 45 minutes to complete the Series 57 exam.

All candidate test scores are placed on a common scale using a statistical adjustment process known as equating. Equating scores to a common scale accounts for the slight variations in difficulty that may exist among the different sets of exam items that candidates receive. This allows for a fair comparison of scores and ensures that every candidate is held to the same passing standard regardless of which set of exam items they received.

Candidates are not permitted to bring reference materials to their testing session. Severe penalties are imposed on candidates who cheat or attempt to cheat on FINRA-administered exams.

Re: Procedure for Filings Relating to Qualification Examinations

Dear Mr. Adkins:

I am writing to inform you of a change in the filing requirements for proposed rule changes involving qualification examinations for associated persons. In the past, the Division required the SROs to file question banks for new examinations for Commission approval pursuant to Section 19(b)(2) of the Exchange Act. The Division also required SROs to file questions being added to the question bank for Commission approval.

The Division has decided that it is no longer necessary for SROs to file new exam question banks for Commission approval under Section 19(b)(2). In the future, any new examinations should be filed as non-controversial rule changes for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Exchange Act and Rule 19b-4(f)(6) thereof. As you know, Rule 19b-4(f)(6) requires the SRO to give notice to the Commission of its intent to file a proposed rule change five days before doing so. During the five days prior to filing, the Division will determine if the proposed rule change is appropriately filed as non-controversial. To assist us in our analysis, please include a complete description of the examination in your rule filing. For example, the proposed rule change should address who will be required to take the exam, what information the exam will cover, the time allotted for each section, the weight assigned to each topic, the effective date of the exam requirement, and any other information that would be helpful to us in determining whether the proposal should become effective on filing. Also, pursuant to Rule 19b-4(f)(6), the rule change should be designated as effecting a change that does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition and, by its terms, does not become operative for 30 days after the date of the filing.
Filing to modify an existing examination should be submitted as “constituting a stated policy, practice, or interpretation with respect to the meaning, administration or enforcement of an existing rule...” pursuant to Section 19(b)(3)(A) of the Exchange Act.

Our goal in changing these procedures is to expedite the effectiveness of proposed rule changes involving examination requirements for persons associated with SRO members. Please contact Kathy England, Assistant Director, at 202-942-0154, or Karl Varner, Special Counsel, at 202-942-7125, if you have any questions.

Sincerely,
