

About Classic CRD Reports

The Reports feature enables firms to request standard reports generated from data stored in CRD and IARD. Requested reports are available online for viewing or downloading. Investment Adviser-only firms can request all reports listed in IARD and certain reports from CRD, as investment adviser representative information is stored in Web CRD.

IMPORTANT NOTE:

All classic CRD features should now be accessed through [FINRA Gateway](#), the new FINRA reporting and compliance platform. This new system is designed to focus on compliance functions, such as research, reporting and responding to requests, rather than focusing on the specific system you would access to fulfill your requirements.

Specifically for reports, FINRA Gateway includes a new [Dynamic Reporting](#) feature that provides near-real-time data and allows users more flexibility in customizing their own reports.

If you have any questions or feedback regarding the transition to FINRA Gateway, please contact FeedbackFINRAGateway@finra.org.

Logging in Through FINRA Gateway

Beginning in Summer 2020, the new [FINRA Gateway](#) will become the primary method for accessing FINRA systems. To access FINRA Gateway:

1. Go to <https://gateway.finra.org>, and
2. Enter your existing CRD user ID and password.

Once you have successfully logged into FINRA Gateway, you can navigate to classic CRD using the **Quick Links** menu on the lower-left. Select **Classic CRD** from the list of links and then follow along with the rest of this guide.

The screenshot shows the FINRA Gateway interface. On the left is a dark blue sidebar with icons for Home, Profiles, Requests, Reports, and Support. The main content area has a 'Search' section at the top with a dropdown for 'Type' (set to 'Individual') and a search input field. Below is a 'Requests' section with a table of requests. A red box highlights the 'Quick Links' icon in the sidebar, and a red arrow points from it to the 'CLASSIC CRD' button in the 'Quick Links' menu shown in the next image.

Requesting Reports

There are two ways to access Reports in classic CRD:

From the CRD sitemap, select the **Request Report** hyperlink.

OR

Click on the **Reports** tab to view a list of available reports.

A list of all available reports displays along with a description of the information included in the report. All reports requested by you will be available to every CRD user in your organization who is entitled to the reports feature.

Once generated, reports are only available for a certain amount of time, as information may change due to form filing submissions or registration related changes made by regulators.

The **Days to View** column indicates how long the report will be available once it is generated.

To request a report, select the **Report Name** hyperlink of the desired report (e.g.— the “Branch - Associated Individuals” report.)

Select a Report to Request		
Report Name	Report Description	Days to View

Report Formats

Reports are available in PDF format, downloadable format, or both.

A PDF report keeps its original appearance preserved, and can be distributed for viewing and printing.

The download format is useful if you wish to view the report in a different format or sorted differently. Once you have the download report, you may import the data into a spreadsheet or database so that you can manipulate the data. Generally the report name will contain the word "Download".

Other Report Notes:

- The data available in classic CRD reports will be from the previous day.
- Reports usually generate within the hour, however exact processing time can vary based on the size of the firm and overall system usage.
- Specific entitlement is required to view Social Security Numbers and Fingerprint statuses that are received from the FBI. Certain reports also require appropriate entitlement, including:
 - ◇ Fingerprint - Exception Download
 - ◇ Fingerprint - Reconciliation Download
 - ◇ Fingerprint - Snapshot Report
 - ◇ Individual - Viewed SSN Download

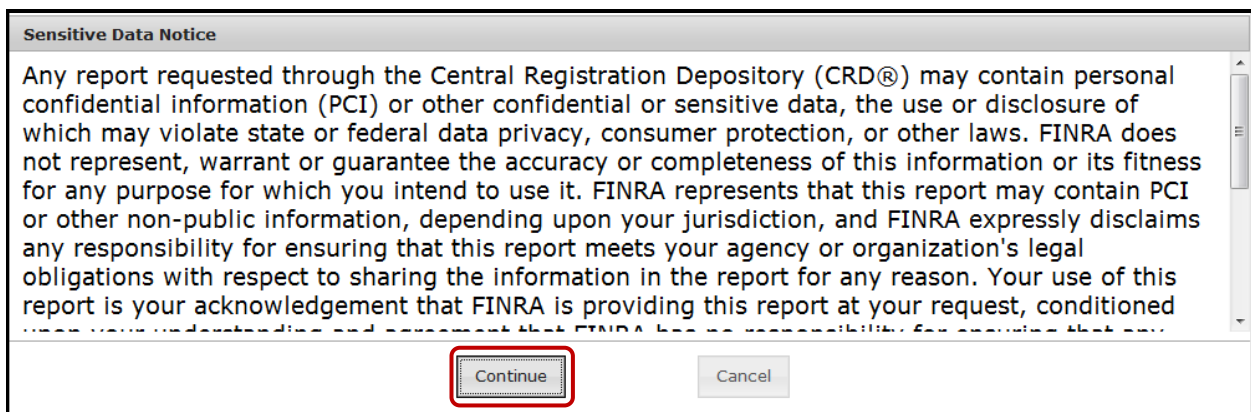

Viewing Reports

Reports can be sorted by Report Name, Request #, Requested On, and Requested By columns. Click the column header hyperlink to sort reports.

NOTE:

- The Status column will display *Completed* once the report is run and is available. *Completed - No Data* will display when there is no data available for the report parameters requested.
- The Parameters column will display the parameters that were selected for the report.

The first time, within a session, that **View Reports** is accessed, a **Sensitive Data Notice** will appear. Read the information and select Continue to proceed. If Cancel is selected, the reports will not be made available for viewing.

To view a report, click on the report name. The report will open in either PDF format or as a downloadable zip file.

Ad Hoc Reports

An **Ad Hoc** report is a report that is not listed on the View Reports screen or a report that is in another format other than the standard arrangement of report items.

To request an Ad Hoc report, send an email request to WebCRD@finra.org describing the information that you want included in the report.

Generally, there is a fee assessed to firms that request Ad Hoc reports. The charge for Ad Hoc reports depends on the complexity and time it takes to generate the report.

Ad Hoc Fee Schedule
